Needy Folk To Be Given Yule Baskets

Three Lions club committee reports at Monday night's meeting of the club showed the organization's Christmas charity work well under way.

The dime board, which was set up last Saturday and operated by Lions club members, with assistance from Boy Scouts, collected \$46 to be used to fill Christmas baskets for the needy of Macon County. In addition to items to be purchased with dime board receipts the Franklin Cub Scouts collected and donated to the Lions club more than 60 toys for the baskets for the needy.

The dime board will be operated on Main street each Saturday, and at the Macon Theatre each Saturday evening, through Christmas Eve.

At Christmas Time . . .

(Contributed)

At Christmas time the wise men saw the young child and fell down and worshipped him, and when they had opened their treasures, they presented unto him gifts, gold, frankincense and myrrh.

At Christmas time the shepherds heard voices from Heaven saying, "Peace on Earth, Good Will Toward Men."

At Christmas time hostile armies, arrayed to the death, as if by common consent, have thrown down their arms, and erstwhile bitter foes have embraced each other as brothers.

At Christmas time the Mother's lullaby is sweeter, the Father's care is deeper, hearts that have grown callous from the wear and care of the year, even the hardest, seem to beat more gently and for a day mankind seems to become aware that kindness is stronger than hate, that gentleness is stronger than force, and that love is stronger even than death.

For Christmas time is that day in each year when we come nearer to obeying the impulse to follow the principles of Him in Whose honor the day is set apart. This impulse we call the Spirit of Christmas.

Some day—beyond the horizon of our comprehension, perhaps, but some day—every man, woman and child under Heaven, by obeying this impulse, will celebrate Christmas every day in the year and every moment in the day. Then, and not until then, will the mission of Him who taught in the Hills of Galilee be completed.

The Christmas Seal sale campaign, reported that to date \$507 worth of seals had been sold. H urged persons who wish to purchase seals to forward their money to him or Wayne Faulkner as soon as possible so that the drive can be completed in the near future.

Frank B. Duncan, club president, announced that plans were being made to hold a New Year's dance at the roof garden of the Skyway hotel, the net proceeds to be used for blind work in Macon County.

The famous and important Harvard University is located at Cambridge, Mass., just across the river from the great city of Boston.

HAYWOOD MAN OUT FRONT FOR CORN CHAMPION

Grows 141.3 Bushels Per Acre; 4-H Boy Is Runner-Up

An official yield of 141.3 bushels per acre has put a Haywood county farmer out in front in the race for the 1949 corn-growing championship, Dr. E. R. Collins, agronomist for the State College Extension service, reports. Unless a higher yield is reported within the next few weeks, Dwight Williams, of Waynesville, will become North Carolina's new corn champion.

The Haywood county farmer grew his high-yielding corn on rich bottomland. He fertilized with two tons of stable manure and 200 pounds of 7-7-7 per acre at planting time. On May 6, he seeded Dixie 17 hybrid in 42-inch rows, spacing it 12 inches in the drill. He side-dressed twice with 100 pounds of ANL per acre each time.

Runner-up in the state-wide contest to date is a Wayne county 4-H club boy, Dale Gainey, whose measured acre yielded 139.3 bushels. He used hybrid N. C. 27, fertilizing with 2105 pounds of 6-8-6 at planting and side-dressing with 942 pounds of soda.

Dr. Collins says this field was obviously over-fertilized. But he adds that even with excessive fertilizer, the cost per bushel, including labor, was only 82 cents. "This again emphasizes that high yields are generally the most profitable yields," he said.

The agronomist added that the contest is still open. Farmers who think they have exceptional yields, should contact their county agent. If the agent thinks the corn is promising enough, he will arrange for an official harvest. The North Carolina Foundation Seed Producers offer a 100-dollar savings bond for the highest yielding fields in each of three areas—mountains, piedmont and coastal plain. A second 100-dollar bond will be awarded the highest of the three as the state winner.

On the first Arbor Day National Day was planted more than one million trees.
