

MAKIN' Sports Rounds

By J. P. BRADY

One man described 'em! "They're tricky little cusses, aren't they?" Naturally the reference was to the Panthers when they romped out on the local field last Friday night and began playing the Cherokee Indians. The "tricky" deal enters because the Panthers junked their deceptive "T" formation for the entire first half and used the single wing . . . just for kicks, so Mentor Atkins said. Seems the boys practiced all week out of the single flipper and learned all of five plays out of the formation. They must be pretty sharp if they can take five plays, the old single wing, and toot up 20 points against another team. Suffice it to say, "they dood it." However, they became bored in the second half and went back to the "T".

The game, incidentally, was cleaner than the bookies' pockets who gave Carolina and 28 points in the Notre Dame grid grab bag. One of the officials, all of whom should be congratulated for top flight officiating, said it was a clean game. . . . This comes as a surprise to a lot of people who have been heeding those nasty rumors about the Indians being a rough bunch of boys in the clinches. Just goes to show that rumor doesn't mean a thing, and in some cases will slap an undeserving face.

No Game
Well, the Panthers don't play this week. Too bad Hayesville High couldn't see its way clear to send their football charges over in this neck of the woods for a play-off on that 7-7 lash up.

Florist Wanted
Back to the Friday night game . . . this joint is going to resemble a flower show if it continues to pass out "orchids" to deserving footballers . . . there're too many of them . . . Considering that the Red (hot) Panthers are well on their

way to the top in the conference, and baring unforeseen circumstances, should be "The Boys" in the conference.

For the present, they seem to be primed for jarring others' hopes of copping the honors. Hear over Bryson City way that "someone is a-worrin'."

Vod-e-ville
After seeing the locals play the single wing and the "T", most Panther fans wouldn't be surprised to see the local hog skin carriers hoof out on the field in full black face, barber pole coats, straw hats, and revive vaudeville for the gridiron. They have done everything but entertain at half time, so why not.

A typical scene could be:
Endman Norton: (twirling cane) "Who was that woman I saw you blocking for a while ago?"
Endman Pattillo: (twirling Norton) "That wasn't no woman. That was Nink Henry. He just twisted his knee and ran that way."
MAMEE
And speaking of Henry's knee. He twisted it last week, but it was nothing serious. He's a hard man to keep down.

Toot
Hats off to the Franklin High band for the fide half-time entertainment at the game. It surely adds to the spirit of the thing.

On Bended Knee
It seems that in last week's football story (Hayesville) on the front sheet it was erroneously, and quite innocently, stated that the Panther first string played a full 60 minutes. Irate fans, frothing at the mouth, have made the following caustic remarks.
Item 1: "Someone has lost his head."
Item 2: "It is evident that the sport's writer isn't carrying a full load of marbles upstairs."
Item 3: "What do you expect from a junior 'Red Miller'?"
O. K., so high schools only

ITALIAN HERE TO SEE FOREST

Dr. Bruno Heads Team Studying Methods In U. S.

Dr. Raffaello Bruno, of Rome, Italy, and Forestry Advisor for the Secretary of Agriculture in Italy, is devoting this week to a study of the organization and administration of the Nantahala National Forest.

Dr. Bruno is chief of a team of eight technical experts, studying modern methods of agriculture and forestry in the United States which may be applicable in Italy.

The team came to the United States in an exchange of experts between Italy and the U. S. through the Economic Cooperation Administration ("Marshall Plan").

Dr. Bruno is traveling alone throughout the United States and has visited national forests and experimental stations, studying administration and operation, all over the country.

While in Macon County, he will be conducted on tours of the Nantahala Forest and the Coweeta Experimental Forest, under the direction of Supervisor E. W. Renshaw.

Although Dr. Bruno has been in this country for only about five months, he speaks English remarkably well, including idioms and "864 words", although he declares he had never spoken English until he came to this country.

Lodge Officials To Visit Highlands Eastern Star
Mrs. Hassie Butler, of Andrews, district deputy grand matron, and Joe Wallin, of Sylva, district deputy grand patron, will pay an official visit to Highlands Chapter No. 284, Order of the Eastern Star, Tuesday night at 8 o'clock, it has been announced. Dr. Jessie Z. Moreland, worthy matron, will preside at the meeting.

They wish to thank all our friends for their kindness and sympathy shown during the illness and at the time of death of our dear mother, Mrs. Sallie Dowdle. Also for the beautiful floral offerings.

THE CHILDREN.

New Auto Sales In N. C. Totaled 13,330 In August

New car sales for August numbered 13,330, bringing total sales for the year to 77,496, the North Carolina Department of Motor Vehicles has reported.

Truck sales for August totaled 4,151, bringing truck sales for the year to 20,399. In the same month last year, truck sales were listed at 2,636, and new car sales at 9,251.

Chevrolet led in sales of cars with 3,311 sold, while Ford ran second with 2,400. Chevrolet was first in truck sales with 1,449, and Ford followed with 998 sold.

Airborne Medical Service For Australian Livestock

Australian veterinarians are taking to the air to serve the medical needs of six million head of livestock scattered over the western part of New South Wales. A shortage of veterinarians in that area, coupled with poor roads, led to a government decision to inaugurate an aerial taxi service. Traveling in small planes with a pilot, veterinarians can make rush calls in widely scattered townships and settlements. Emergency airfields, now used by flying physicians and ranchers, are being utilized for this new service.

Charles William Moore Finishes Recruit Work

Charles William Moore, of Franklin, Route 1, when entered naval service last July 11, has completed recruit training at the U. S. Naval Training center, San Diego, Calif., according to a navy announcement received here.

Draft Board Seeking To Contact Gregory

The local draft board has asked that anyone knowing the whereabouts of Willard E. Gregory get in touch with the board. His last listed address was Franklin, Route 4.

IN APPRECIATION
We wish to thank all our friends for their kindness and sympathy shown during the illness and at the time of death of our dear mother, Mrs. Sallie Dowdle. Also for the beautiful floral offerings.

They that can give up essential liberty to obtain a little temporary safety deserve neither the liberty nor the safety
Benjamin Franklin

AMERICA IS THE . . .

Land of the Free

BUT AMERICA IS NOT THE LAND OF THE FREE HANDOUT

Our Nation was founded on the principle that Freedom must be paid for—and is well worth paying for.

The American people have made great sacrifices in payment for liberty.

But they have refused to sacrifice liberty for promised "security" . . . to trade freedom for the spurious "safety" of State Socialism.

This firm is proud to be part of a community and a country where each American is free to worship

as he chooses—and grants that same privilege to his neighbor . . . where a business is free to create a better product, and to compete in the open market for patronage.

Unfettered by political controls, American medicine has made this the healthiest, strongest Nation in the world. Socialized medicine would endanger our physical health, our economic welfare and our political freedom.

With American medicine, we say . . .

Let's keep our right to manage our own lives . . . to earn our liberty . . . to keep America the
