rip-roading Panthers pawed like the common ordinary variety of alley cat and barely manager to meow their way through Sylva with only about a minute of playing time left in the ball game.

Just what was wrong with the local boys is wide open for any number of guesses. The layoff last week could have moved them in the stale end of the conference, or else they went over the Cowees thinking that Sylva was going to be a push-

Blood And Blisters

The boxing and wrestling matches at the high school Saturday night pulled in everyone from six to sixty and as the old saying goes, "a good time was had by all."

There must have been about 600 people piled into the auditorium to watch the grunt and groan and leather swapping; and ask anyone who was there -there was plenty of it.

From flyweights to heavyweights . . . from a standing position to a prone . . . and a couple of bloody noses.

And the crowd loved it and yelled for more, even above the band music. The band, under the direction of Sammy "Harry James" Beck, who sat in on trumpet for the night, gave out with some excellent music happy music. In a way the band was playing for its supper since proceeds from the shindig went

to the band fund. The highlight in the night's battling was a match between a major portion of the Cherokee race, going under the name of Chief Saunooke, and Franklin's own Wallace Martin, who is no little man himself.

The two kept the crowd on the ends of their seats for about an hour, as they waltzed around the ring in that stuff called wrestling.

The Chief, who has put Primo Carnero and Tony Galento, not to mention others, down among the posies in the wrestling game, found a good match in Martin, and the gentlemen, in between sweat and smiles, finished the tussel in a tie. However, to the delight of the fans, the Chief Stuck out his chin insisting that he won, and chal-'enged Martin to a "do or die' with no time limit. Maybe next time, huh!

They did everything but rip off legs and beat each other over the head with them.

A couple of times it looked like some ringsiders were going to enter the ring and help Martin when the going got tough, but Martin got out of the scrapes without outside help:

Martin, however, ended up with the Chief's handprints on Cherokee game, since most of the back of his right leg, formthe 30-odd players on the squad ed by lusty slaps that quickly got to play, shaking activitity turned to blisters, so all of the

AMERICA IS THE

land of the Frees

BUT AMERICA IS NOT THE LAND OF THE FREE HANDOUT

Our Nation was founded on the principle that Freedom must be paid forand is well worth paying for.

The American people have made great sacrifices in payment for liberty.

But they have refused to sacrifice liberty for promised "security"...to trade freedom for the spurious "safety" of State Socialism.

This firm is proud to be part of a community and a country where each American is free to worship as he chooses-and grants that same privilege to his neighbor...where a business is free to create a better product, and to compete in the open market for patronage.

Unfettered by political controls, American medicine has made this the healthiest, strongest Nation in the world. Socialized medicine would endanger our physical health, our economic welfare and our political freedom.

With American medicine, we say...

Let's keep our right to manage our own lives... to earn our liberty...to keep America the
