

Sgt. Blaine Completes Army Course; Returns To Georgia Home Unit

Sgt. Thurman Blaine, son of Mr. and Mrs. Earl Blaine, of Franklin, Route 1, was graduated April 25 from the advanced army administration course, taught at the adjutant gener-

al's school at Fort Benjamin Harrison, Ind., the army has announced.

During the nine-week course, Sgt. Blaine was instructed in such subjects as personnel administration, administrative problems, typing, troop information, and army management, it was explained.

Following graduation he re-

turned to his home unit, the 9302 T.S.U., Detachment 1, Atlanta General Depot, Ga.

Liver is an important source of vitamin A.

Entomology has been added to the list of projects which Tar Heel 4-H club members may carry in 1952.

N. P. AND L. CEDAR CLIFF PROJECT NEAR COMPLETION

Plans For Building Two More Developments Announced

The Nantahala Power and Light company's Cedar Cliff hydro-electric development in Jackson county should be in operation by July, officials of the company, which has home offices in Franklin, said this week.

In discussing expansion of the company's holdings, they also announced plans for the construction of two new hydro-electric developments in Jackson, both on the east fork of the Tuckaseegee river.

Construction already has begun on one, the Bear Creek project, and it should be completed by June, 1953, it was said. The project will include an earth and rock-fill dam approximately 210 feet high, with a 1,460 foot tunnel carrying water to the power house. The dam is situated about two miles above the Cedar Cliff development.

The other will be known as the Tennessee Creek development and will include two earth and rock-fill dams, 5,200 feet of tunnel, and a power house. One dam will be constructed across the east fork of the Tuckaseegee, the other across Wolf creek. According to officials, the two reservoirs formed by the dams will be interconnected by a tunnel with a tap tunnel extending to the power house, which will be situated just above the confluence of the creek and the river. Preliminary plans call for the completion of this project by December, 1953.

The two new projects will bring to five the number of power projects undertaken in Jackson by the power company since 1941. The addition of the two will increase the total production facilities by approximately 25,000 horse power, it was pointed out.

During the past few years the farm people of North Carolina have spent at least \$36,000,000 annually for health purposes.

Studies have shown that the average pound of meat consumed in the United States has traveled about 1,000 miles from the point of production.

These Foods To Be Plentiful In Month Of May

Southern plentiful foods can help provide appetizing, attractive, and economical May menus, says Mrs. Florence S. Sherrill, county home demonstration agent.

Featured items on the U. S. Department of Agriculture's plentiful foods list for the month include eggs, oranges, broilers, and fryers.

High level egg production is keeping eggs one of the most plentiful and economical foods on retail markets. Cold storage holdings of shell eggs the first of April were up to 1.6 million cases, largest holdings for that date since 1946. Broiler marketings should run about a fourth larger than last May, and Florida and California will market volume supplies of Valencia oranges during the month.

Cabbage should be a good fresh vegetable buy in May, Mrs. Sherrill said, since South Georgia, Alabama, Virginia, South Carolina, and Mississippi will all market cabbage during the month.

Varied and nutritious menus can be planned around other foods in the plentiful list, too, she pointed out. These include fish, peanut butter, processed citrus products, grapefruit, dried prunes and raisins, dairy products, cooking fats and oils, snap beans and pecans.

PERSONAL Strictly

penditure of a few minutes or a few dollars would make them the precision instruments they are designed to be.

In today's world, we can't get very far away from people and we'd be lost without machines.

We can't do much about people; they are like they are.

But we can do something about machines. And by doing it, we can lower the strain of modern living by just about half.

Demonstration Club Meetings For Week Are Announced

Meetings of home demonstration clubs in the county for the coming week have been announced by Mrs. Florence S. Sherrill, county home demonstration agent. They are as follows:

Friday: Scheduled meeting of the Mulberry club postponed until May 23 at 2 p. m. with Mrs. J. W. Anderson.

Monday: Music appreciation program at the Franklin Methodist church at 1:30 p. m.

Tuesday: Carson's Chapel club at 2 p. m. Mrs. Jacob Vogel, Mrs. Homer Greene, and Mrs. Leona Moore, co-hostesses.

Wednesday: Totla club at the home of Mrs. Terrell Parrish at 1:30 p. m. Nantahala club at the school at 7:30 p. m.

Thursday: District federation in Bryson City at 10:30 a. m.

Last year the value of the meat consumed per person averaged \$79.25.

RELIEF FOR ASTHMA SUFFERERS

Quick relief usually comes from the first dose of this new formula which acts to relieve congestion. People who formerly suffered with frightening choking, coughing, wheezing asthma attacks speak of welcome relief after using ASMACOL. ASMACOL costs \$2.50, but considering the relief you will experience, the \$2.50 it costs amounts to only a few pennies per dose. ASMACOL (caution, use only as directed) is sold with a money back guarantee if not delighted with results. Sold only by

Dixie Grill Has Moved To Raleigh

We have moved the DIXIE GRILL from Franklin to Raleigh,

and are now open for business at

1906 Hillsboro Street

(just across from State College)

We invite our Macon County friends to visit us when they are in Raleigh. They'll find the same old home-made pies and other fine foods. A warm welcome, too.

As we leave Franklin, after making it our home since 1938, we wish to thank our customers for their patronage through the years, and to say that we shall always have a warm spot in our hearts for Franklin and for our good Macon County friends.

Mr. and Mrs. Kay F. Montague
