HOWELL REFUGE IS DEDICATED AT HIGHLANDS

The Margaret Cannon Howell Wildlife refuge, consisting of six acres of primeval forest under White Side View, was dedicated in a service Saturday afternoon led by the Rev. Jack B. Davidson, pastor of the First Presbyterian church of Pendleton, S. C.

The presentation of the tract to the Highlands Biological station was made by Mrs. Paul Sanger, of Charlotte, who said in part:

"Mr. President, it is an honor and a privilege on behalf of my mother, Margaret Cannon Howell, to present this tract of land to be developed as an outdoor laboratory where problems beneficial to mankind may be investigated and where proper

habitat, feed, and shelter may be found for wildlife."

In accepting the tract for the station, William McA. Deacon, president of the organization, remarked, "Margaret Cannon Howell, genteel Southern lady and noble christian character, personification of the deer of good deeds, but always unobtrusive and unassuming in your charities and philanthropies . . . in behalf of the officers and the board of trustees of the Highlands Biological station, in behalf of all those who, in the years and generations to come, shall search for truth and the beautiful, it is my high privilege to accept this magnificent display of God's handiwork to be known, in perpetuum, as the Margaret Cannon Howell Wildlife refuge . . . the trust you have reposed in us will be zealously cherished and shall always be a living reminder of your unselfish devotion to the interests of this station and of our eternal thanks and affectionate regard for you . . ."
