WHICH IS THE WAR PARTY? Let's Look At The Record

Republican Battle Casualties In 50 Years

THEODORE ROOSEVELT	0
WILLIAM H. TAFT	0
WARREN G. HARDING	0
CALVIN COOLIDGE	0
HERBERT HOOVER	0
TOTAL	0

Democrat Battle Casualties In 50 Years

WOODROW WILSON	334,734
FRANKLIN D. ROOSEVELT	994,893
(WORLD WAR II)	
HARRY S. TRUMAN	117,973
(KOREAN WAR TO SEPT. 17)	
TOTAL	1,442,470

This is the cold proof that the Democrat Party is the War Party and that the Republican Party is the one that gives us peace and will give us peace again.

Why did the New Deal Administration, influenced by Alger Hiss, give Poland and Manchuria to the Russians at Yalta in 1945?

Why, in December, 1945, did President Truman announce that unless China admitted Communists to its government, China would get no more American aid?

Why, if Communism was a menace in Asia, were there only 6 General Pershing tanks, only 30 tactical combat planes, only 1 aircraft carrier and not a single combat marine in the Japanese area when we entered the Korean conflict?

What happened to the \$95 billion spent on national defense since World War II?

Why did only \$1 out of every seven defense dollars go for combat equipment between 1946-1950?

Why, when Congress had voted \$10,500,000 military aid for South Korea eight months earlier, had South Korea received only \$200 worth of signal corps wire when the Communist struck on June 25?

Whose advice was the Administration following when it asked last year for \$150,000,000 in economic aid for South Korea—that of its long-time adviser, Owen Lattimore, who said in July, 1949, that "The thing to do is let South Korea fall but not to let it look as though we pushed it—hence the recommendation for a parting grant of \$150,000,000."?

Why did Secretary of State Acheson in effect invite the Communists to take Korea, Formosa and the balance of China by announcing on January 12, 1950, that they were beyond our defense perimeter, and would not be defended?

Why, and on what basis did President Truman declare—only 27 days before ordering American troops into Korea—that we were closer to a permanent peace "than anytime in the last five years?"

Do you agree with President Truman's statement, in Eugene, Oregon, on June 11, 1948, that "I like old Joe (Stalin). He's a decent fellow"?

Why did the Administration refuse to heed Republican demands for a firm anti-Communist policy, for military aid to China and Korea, and for a strong defense establishment when it is now evident that the Democrat appeasement has enabled Russia to extend its domination from 170,000,000 people to 800,000,000 people?

Why did the President, after Alger Hiss was caught in a red-handed betrayal of his country, but before his conviction, call the case a "red herring"? Why did Secretary of State Acheson, AFTER Hiss was convicted, announce, "I will not turn my back on Alger Hiss"? Remember, Hiss was the State Department adviser, who at Yalta persuaded President Roosevelt to sell out China and Poland to the Reds.

What are you going to do to halt this disgraceful handling of our national and foreign affairs?

"BLEEDING AMERICA"

HOW Long is the killing and wounding of American Boys in Korea to go on?

HOW Long will the draft be sending AMERICAN boys to Korea? Will the boys now fourteen, fifteen and sixteen have to go?

HOW Long will those who have already fought one War be held in reserve to be called back to KOREA?

HOW Long is the economic system of the U. S. to be artificially propped up by spending more money each year than is being collected on TAXES?

HOW Long is the vested interest of the Democratic Administration in the continuance of such 'prosperity' going to last?

HOW Long are the tax rates to be kept so high that incentive is impaired and waste is encouraged?

HOW Long is AMERICA going to supply the men and the materials and the money for a policy — called 'containment' of Russia — which, in reality, means bleeding AMERICA indefinitely and sapping its manpower as well as its economic and financial strength?

HOW Long are we to do nothing but watch the casualties grow? They already are twice the number we had in our first year in World War II. They are increasing every week.

HOW LONG WILL AMERICA BE KEPT BLEEDING?
