**Gibson Graduated From
Army's Clothing Course**

Pvt. Jack W. Gibson, son of Mr. and Mrs. N. A. Gibson, of Franklin, Route 4, recently was graduated from the clothing

and textile repair course of the Quartermaster School at Fort Lee, Va., the fort public information office has announced. The Macon County soldier entered service in June, 1952, soon after his graduation from Franklin High School.

ages of a family, from the oldest to the youngest. Most home accidents can be prevented if each family member will adopt these safe home habits.

**Demonstration
Club Meetings For Week
Are Announced**

Meetings of home demonstration clubs in the county for the coming week have been announced by Mrs. Florence S. Sherrill, county home demonstration agent. They are as follows:
Friday: Cowee club with Mrs. Will Allen at 10:30 a. m.; Franklin Business Women at the agricultural building at 7:30 p. m.
The home agent's schedule for December will be announced next week.

Mae, 2 acre, Cartoogechay township, November 15.
C. R. and Annie Cody to R. E. Medford, land in Cowee township, October 29.
Robert L. and Alta Byrd to R. E. Medford, 74 acres, Cowee township, October 29.
Edd and Ada Chastain to John and Ona Beckh, 5 acres, adjoining W. H. McCall's land and forest service land, November 7.
J. B. and Lula Watkins to Myron M. and Ethelwyn B. Moore, 2 lots, Highlands township, November 7.

Dangerous ladder substitutes such as chairs, boxes, stools, and defective or weak stepladders should not be used inside nor outside the house. A sturdy steel stepladder used in every home would help to eliminate many serious falls (1952 Christmas gift for the family). Many burns on face, neck, arms, and hands could be avoided if we followed safety directions when using pressure canners and defective jars. The use of pails and pans with defective or loose handles that break when carrying hot water or fat cause painful burns. Worn-out equipment is a hazard so far as safety from burns is concerned. Needles, pins, pennies, and bobby pins should never be left on the floor or within reach of your children. Constructive suggestions, especially on ways to prevent falls on stairs, are:
1. Provide handrail on stairs, especially basement stairs. You might want to consider two handrails for basement stairs.
2. Stairs with wide treads and not too steep steps.
3. Steps kept in repair.
4. No uneven steps.
5. Well lighted steps.
6. No hurry or carelessness when coming down or going up stairs.
7. Do not run down stairs in stocking feet.
Another factor that causes many accidents is being overtired and working overtime. Home accidents occur to all

**REAL ESTATE
TRANSFERS**

WANTASWAP?

GOT AN OLD MODEL LIKE THIS? (the outboard motor, not the girl). Look at the serial number and report it to a Johnson dealer, or to Johnson Motors at Waukegan, Ill., and you may get a new 1953 Sea-Horse 3 in exchange or qualify for one of 40 merchandise prizes. The manufacturer is looking for the oldest 10 of its outboards in existence to use for display over the country along with its soon-to-be-produced millionth motor. Entries may be registered until December 24th.
