Mailboxes And Signs As In Patton Community; Group Named For Soil Conservation.

By MISS CAROLYN COCHRAN (Community Reporter)

The Patton Community met May 5 at the Patton Methodist Church with Erwin Patton, president, presiding. The minutes of the last meeting were read by Mrs. Ted Blaine.

Since our last meeting, all mailboxes, with names, and the community and church signs, have been erected. The committee which paid for these was under the direction of Mrs. Harley Stewart, Mrs. R. D. Wells, and Mrs. Thomas Wilson. Mrs. Stewart gave a report on how the money was raised for these projects, as follows: rummage sale by women of the

community and a benefit show at the county courthouse.

Also, Mrs. Stewart reported the women have been selling vanilla and the money from its sale will be used for a coffee urn.

Fred Hannah gave a talk on soil conservation at the meeting and a committee was appointed to conduct this project in the community. It includes General Jones, Harley Stewart, and Henry Mashburn. The men were 100 per cent for the project and will begin their work soon.

At the close of the meeting, refreshments were served by Mrs. Blaine, Mrs. Sherman Ledford, and Mrs. Stewart.

Nantahala Power Wins First Place In Fleet Safety Test

The Nantahala Power and Light Company won first place in the 1952 Fleet Safety Contest conducted by the Southeastern Electric Exchange, according to an announcement made this week by John M. Archer, Jr., president of the local power company.

The inscribed Certificate of Award has just been received from H. C. Leonard, president of Southeastern Electric Exchange, Mr. Archer said. The purpose of this contest, which was conducted for the first time in 1952, and is being continued, is to create interest among the participating companies in reducing motor vehicle accidents. There are 19 power companies of the Southeastern region competing in the contest with a combined total of approximately 8,500 vehicles.

The Nantahala Power and Light Company fleet of 37 trucks and cars amassed a total of 548,507 vehicle miles with only one reportable accident during 1952, according to Mr. Archer. The winner of the contest is selected on the basis of the number of accidents per 100,000 miles as reported by the companies.

In the personal injury prevention contest, the Nantahala

Power and Light Company finished in fifth place among the 19 participating companies, he said.
