### WEST UNION MARCHING ON

### Mailboxes Now Installed By 3 Communities In District

By J. L. SANDERS  
(Community Reporter)

West Union is marching on in the rural community contest, as evidenced by the newly painted mailboxes and the large highway signs which recently were erected by the three Union districts.

The South Skeenah section has its mailbox posts set now so the West Union communities have this project completed.

The folks in this district are still making improvements about their homes. Chester Sizemore has sided his house and Claude Kimsey has started work on his; L. C. Knight has installed a bathroom and has made other improvements.

Mrs. Quince Shope, treasurer, has reported a cash on hand account of \$105.

This reporter travels through the Iron Duff, Crabtree, and Fines Creek sections of Haywood County every two weeks and, although they are beautiful sections, I believe ours will be just a little more beautiful when we have had a little more time; but time is growing short for this year's contest and I urge every family to get busy.

## Far more miles per gallon

on the trips YOU take!

On long trips, short trips, all trips, you get far greater gas mileage out of a '53 Chevrolet. It offers important savings in everyday driving over everyday roads!

Out to the golf course. Off for a week-end of fishing. Half across the country on a fall-scale vacation. *Wherever you go—however you drive—you're going to get there on a lot less gasoline in a fine new Chevrolet.*

The truth is, this year's Chevrolet owners are enjoying the *most important gain in economy in Chevrolet history. Plus more power. Faster acceleration. More "zoom" for the steep hills.*

That's the beauty of Chevrolet's two great *high-compression* engines—the new 115-h.p. "Blue-Flame" engine in Powerglider models, and the advanced 108-h.p. "Turbo-King" engine in gearshift models. They squeeze much more out of regular gasoline—more miles, more pleasure.

Along with this greater gas mileage, you get lower over-all upkeep costs. And Chevrolet is the lowest-priced line in its field. Drop in and let us show you how you'll be better off in every way with a 1953 Chevrolet!

\*Combination of Powerglide automatic transmission and 115-h.p. "Blue-Flame" engine optional on "Two-Ten" and Bel-Air models of extra cost.
