CAN YOU make unusual novelties in your spare time. We have a market for these items. Write Novelties, Box 350, Franklin, and describe your work.

LOOK AT IT THIS WAY
Coffee costs \$1.10 a pound; T-Bone steak \$5.9; but you can buy my late '49 Pontiac convertible for just a frazz more than 22 cents a pound. Now that's a good deal—a steak value at fatback price. This car, for actual condition and looks,

will stack up against many younger models. New maroon paint, practically new top, radio, heater, back-up lights — just about everything but a squirt of perfume on the half hour. Oh yes, it's Hydramatic, too, and has a couple of new tubeless, blowout-proof tires. If you don't want a **REAL BARGAIN** don't see me. If you're looking for a top-grade car that'll give good service, then contact J. P. Brady at The Franklin Press.

LADIES — We are closing out our stock on McCall's patterns at 20c a pattern. The Quality Shop. M28-1tc

SEWING AND ALTERATIONS for men, women, children. Buttonholes made — bound or **EIGHT BILLION DOLLARS** Mrs. Ray at 141-W.

FOR SALE — 55 acres of land near Cumming, Ga. 25 acres cultivating, rest in timber. Fruit trees. Price \$700. Mrs. Bailey Bone, Franklin, Route 1.

PRICED REDUCED
Three miles out the Georgia Road, have a four-bedroom house for which owner has been asking \$4,000. He is anxious to sell and now says let it go for \$3,500. Two acres of fine land go with the house and while the house is in need of some repairs it is well worth the price asked.

TOWN AND COUNTRY
Three minutes drive from Courthouse I have a beautiful tract of 14 to 16 acres, part within and part beyond the town limits. The tract is well wooded, has nice stream and a number of fine building sites with city water available. There is no better property around Franklin for a Town and Country Estate, or some enterprising young man could make a nice profit by buying and subdividing. We are offering the tract for quick sale at a very reasonable price.

machine worked. Telephone Latest statistics indicate that tourists spend more than **EIGHT BILLION DOLLARS** annually. That's a lot of money folks and you can come in for a portion of it if some of you will just wake up to the fact that Franklin and Macon County have a lot to offer the tourist and will invest your money to provide means for caring for them. I have for sale several properties which are suitable for summer cottages, mountain ranches, etc., which it will pay you to investigate.

BEST FARM BUY IN MACON COUNTY
80 acres under fence. Has over

40 acres of highly improved cultivating and bottomland with large stream running through. This fine property fronts on paved US Highway, seven miles from Franklin and has lovely view. The large barn and out-buildings are good, but the old six-room house is just 'fair', and has no plumbing — although it has an exceptionally good well on the concrete back porch (just waiting for an electric pump and plumbing). The two approach roads from the highway to the house, need working over and a good gravel job. Everything considered however, this fine farm is a downright good buy for only \$8950 and someone will surely buy it! M28-1tc

REAL ESTATE
It takes a large selection of various kinds of real estate to meet the desires of the buying public. I have had inquiries in the last sixty days for everything from cut over mountain land to that dream house located on a special section of the town and county.

I have listed with me now mountain land, farms, a lake, a country store, one, two, three, and four bedroom homes, business property, and etc., however the very piece of property you have may be the one that my clients want.

If you are buying or selling I invite you to come in and see me at your convenience and let's talk it over.
