BEST FARM BUY IN MACON COUNTY
83 acres under fence. Has over 40 acres of highly improved cultivating and bottomland with large stream running through. This fine property fronts on paved US Highway, seven miles from Franklin and has lovely view. The large barn and out-buildings are good, but the old six-room house is just 'fair', and has no plumbing—although it has an exceptionally good well on the concrete back porch (just waiting for an electric pump and plumbing). The two approach roads from the highway to the house, need working over and a good gravel job. Everything considered however, this fine farm is a downright good buy for only \$8950 and someone will surely buy it!
