## Kerr Scott Kept His Promises

### When He Ran For Governor

He recommended that for the fuller development of North Carolina its people needed and must have

1. More Class Rooms for the school children of North Carolina.
2. State money should be working for the people — not lying in banks, interest free.
3. Scott said, "The rural people of North Carolina must have better roads."

### After Being Elected Governor

HERE IS WHAT HE DID:

He furnished the leadership to obtain the money to build 7,500 class rooms. (45 in Macon County).

State money that before had not been drawing interest was invested and the state treasury benefited by \$10,000,000.00 during his administration according to Brandon Hodges, then state treasurer.

Under Governor Scott's administration 18,000 miles of rural roads were paved and 40,000 miles of rural roads were graveled.

Merchants, farmers, doctors, ministers, working people — all the people of North Carolina are benefiting today from Scott's "Go Forward" program and without an increase in their state tax structure.

WHEN YOU VOTE FOR W. KERR SCOTT FOR U. S. SENATOR YOU WILL BE VOTING FOR A MAN WHOSE RECORD SHOWS HE KEEPS THE PROMISES HE MAKES THE PEOPLE.
