

ATTENDS INSTITUTE
Mrs. C. S. Brown, dietitian at Angel Hospital, attended the Hospital Food Handlers' Institute at Chapel Hill June 9-12. While there, she toured the di-

etary department of the big N. C. Memorial Hospital.

Navy Recruiter Coming Tuesdays

A Navy recruiter will be at

the Franklin post office every Tuesday from noon to 2:30 o'clock to interview young men interested in joining the navy. It has been announced by the Navy Recruiting Station in Asheville.

Joseph F. (Joe) Setser (right), highway supervisor in this county, who recently was presented a pin for 30 years' service with the State Highway Commission, is shown here talking over a project with Earl Smart, highway patch foreman.

SAFETY SHOES—A medium-heeled, comfortable shoe is the only safe type to wear while doing housework. A high heel is a tripping hazard, weakens your back leg muscles, and induces fatigue.

If you wear slacks while you work, wear them without cuffs. It's easy to catch your heel in a cuff, especially if the slacks are a little too long. It's easy, too, particularly while you're going down stairs, to catch your heel in a loose hem such as this. Hems should be kept in good repair.

Wipe up grease or water spots or any other wet areas immediately—you'll need a cloth, a paper towel, or a newspaper.

HOUSEHOLD POISONS—Every household poison should have a printed label which gives the general classification of the poison and bears the skull and crossbone symbol. If there are children in your household, never store poisons under the sink or in a low cupboard. Read all instructions carefully and wash your hands after using any poison.

BE CAREFUL WITH RAZOR BLADES—Always place used razor blades in a special con-

tainer. Careless disposal of razor blades can cause serious cuts.

Timely Farm Questions • State College Answers

Q. What is a penetrating seal floor finish?

A. There are two types of floor finishes—surface finishes like shellac, varnish and enamel, and penetrating seals. The hard surface finishes wear off where they receive the most traffic. After a floor has been finished with penetrating seal, it can be refinished without being resanded.

Q. What are the highest yielding varieties of grain sorghum for North Carolina soils?

A. Martin, Wheatland, Westland, Redlan, Plainsman, Caprock, Redbine 66, Dwarf Kafir, Early Hegari, Bonita and D. D. Yellow Sooner.

Q. What are the safest materials to use in cleaning grain storage bins?

A. Methoxychlor, DDT, or TDE are the safest. Either wettable powders or emulsions may be used. The wettable powders are used at the rate of one pound of 50 per cent powder, or

two quarts of 25 per cent emulsion, in three gallons of water. This amount will cover 1,500 square feet of surface.

Iotla Group Has Supper

By MRS. A. L. RAMSEY, Jr.
(Community Reporter)

A covered dish supper, served by the ladies of the community, was a feature of last week's meeting of the Iotla Community Development Organization.

Approximately 50 persons attended the meeting, held at the Iotla School.

At the business session, \$44 was donated by individuals present for the purchase of large signs, to be erected on Highway 23, at the entrances to the community.

Frank Plyler showed a film, "The Waters of Coweta". President Ray Bennett presided.

Falling to yield the right-of-way was the principal cause of auto accidents in North Carolina last year. For that offense 1,329 Tar Heels were convicted in court.

INVITATION FOR BIDS

Sealed bids will be received in the Town Office of the Town of Highlands, North Carolina, up to 3 P. M. on Monday, July 5, 1954, for conditioning and paving Chestnut Street a distance of 1,000 feet and a width of 18 feet, and Fifth Street a distance of 2,100 feet and a width of 18 feet. The conditioning and paving must comply with 1952 North Carolina Specifications, Sec. 100, Bituminous Surface Treatment, Class "A". The successful bidder shall furnish all labor, equipment and materials. Please submit bids for complete job.

For further specifications as to length and width of streets, etc., call at the Town Office at Highlands.

The Town reserves the right to reject any and all bids. The bids will be opened at 8 o'clock P. M. on Monday, July 5, 1954, in the Town Office in Highlands, North Carolina.

TOWN OF HIGHLANDS
By: W. H. Cobb, Mayor
J17-1tc

NORTH CAROLINA MACON COUNTY

Under and by virtue of the power of sale vested in the undersigned trustee by a deed of trust executed by G. B. Reynolds and wife Virginia Reynolds, dated the 21st day of August, 1952, and recorded in the office of the Register of Deeds for Macon County in Building & Loan Book No. 3, page 235, said deed of trust having been executed to secure certain indebtedness therein set forth, and default in the payment of said indebtedness having been made, I will on Thursday, July 15th, 1954, at 12 o'clock noon, at the courthouse door in Franklin, North Carolina, sell to the highest bidder for cash the following described land:

Being a parcel of land carved from the B. B. Lenoir home place, situated on the North side of U. S. Highway No. 64, on the waters of Cartoogechaye Creek, about 4½ miles West of the Town of Franklin, Cartoogechaye Township, Macon County, North Carolina, more particularly described as follows:

BEGINNING at an iron pin driven in the ground in the North margin of U. S. Highway No. 64, 17 feet west of the center of the first culvert west of B. B. Lenoir's residence; thence along and with the north margin of said highway as it meanders the following courses and distances: S 86 deg. W 189 feet; N 85 deg. W 163 feet; N 82 deg. W 34 feet to an iron pin driven in the ground in the north margin of the said U. S. Highway No. 64; thence with five (5) severance lines, N 7 deg. 30' E 1300 feet to a sourwood on a steep east slope; thence S 80 deg. E 216 feet to a leaning sourwood, 30 feet west of a branch; thence S 4 deg. W 442 feet to a double poplar in a flat; thence S 20 deg. W 283 feet to a large white oak in the west edge of a flat; thence S 14 deg. E 568 feet to the place of the BEGINNING, containing 7½ acres, be the same more or less SUBJECT, however, to such rights as may be vested in the State of North Carolina by virtue of the right of way of the said U. S. Highway No. 64.

This 14th day of June, 1954,
GILMER A. JONES,
Trustee

CUSTOM NOTE: Twin-Turbine Dynaflo and Safety Power Steering are standard equipment on every Buick ROADMASTER at no extra cost.

It makes you feel like the man you are

YOU must know, of course, that a fine car is more than merely a means of fine travel.

It is, as the psychologists tell us, an extension of a man's own personality.

It reflects what you feel, what you like, what you are.

So we ask you to take the wheel of a Buick ROADMASTER like the one shown here—for it is, we have found, the automobile chosen more and more by those who are definitely moving ahead in the world.

You will find it a car that fairly breathes success.

From its size and its breadth and the magnificent modernity of its styling, you know it is a car of custom stature—and so does the watching world.

The wondrous windshield is a pride in itself. You don't just see the view—you command it.

You will find it, too, a car of luxurious obedience.

From the moment you ease your foot down on the pedal, you take immediate mastery of the road and of distance.

And you know it—in the silken whip of

Twin-Turbine Dynaflo, the might of Buick's greatest horsepower, the magic cushioning of coil springs on all four wheels, the exhilarating ease of Safety Power Steering at your hand.

But with all this, you buy with prudence when you buy a ROADMASTER.

For—though it is, and looks, custom production—it sells for the lowest price-per-pound in the fine-car field. And so wise an investment makes you feel even more like the man you are.

Drop in, or phone us this week, and we'll gladly arrange a demonstration.

BUICK SALES ARE SOARING!

Latest figures for the first four months of 1954 show Buick now outselling every other car in America except two of the so-called "low-price three." Better look into Buick if you want the beauty and the buy of the year.
