The directors of the Farmers Federation have declared regular semi-annual dividends on

common and preferred stock of the cooperative, payable July 1 to all stockholders of record June 20, according to an announcement received here from President James G. K. McClure.

## Hope To Let School Bids In July

The architect is at work on plans for Macon County's school building program, and hopes to complete them in time for local authorities to ask for bids by the latter part of July.

That was the word brought back by County Supt. Holland McSwain, after conferring with the Asheville architect, Lindsey M. Gudger, in Asheville.

Mr. McSwain emphasized, however, that every detail in the plans must be checked with the state division of school-house planning, and that delays may occur. He added that the amount of the bids will determine whether all the work can be done now.

The program for meeting this county's "immediate needs" was given approval by the State Board of Education a fortnight ago.

The program calls for a gymnasium at Franklin; lunchrooms at Cowee and Otto; and seven classrooms at Franklin, four at East Franklin, two at Cowee, one at Cartoogechay, two at Nantahala, and two at Highlands.

It is hoped to do all this work out of this county's share of the first \$25,000,000 of state school bonds authorized last year, plus the \$105,000 insurance on the Franklin building that burned recently.

In the event the funds are insufficient, first priority will be given the classrooms, Mr. McSwain said.

THEY HAVE THE RESPONSIBILITY OF PROVIDING FOR THEIR OWN FAMILY'S NEEDS, PRESENT AND FUTURE — AND OF ACTIVE PARTICIPATION, AS CITIZENS, IN THE COMMUNITY AND THE NATION.

The United States winter wheat crop, forecast April 1, 1954, at 678 million bushels, is 23 per cent less than the 1953 harvest.
