BETHEL STILL SEEKING SITE FOR PROJECT

By MRS. JUNITA PECK
 (Community Reporter)

The Bethel Rural Community Development Organization is still trying to find a location for a recreational site, but it seems unable to "beg, borrow, or steal" a suitable spot in the community.

But we are still hopeful.

At its regular meeting last Thursday night, several reports of home improvements were made, including: Mrs. W. A. Connell has a new oak floor; Boise Hall had his house underpinned and painted inside; Mrs. W. N. McDonald had the same done to hers; Ernest Hyde has new steps to his front porch; Mrs. Myrtle Keener had her porches painted; Mrs. Betty Ann Stewman built a new home some time ago, but it was reported; Mrs. Joan Richardson added a bathroom to her home; and George Mallonee has opened a trailer park on his property.
