What's new with Chevrolet? everything!

And look what you see from the driver's seat
Chevrolet's new Sweep-Sight Windshield curves around to vertical corner pillars, giving you a wide, full view. And you can see all four fenders from the driver's seat!

Wonderful new Glide-Ride Front Suspension
New spherical joints flex freely to cushion all road shocks. New exclusive Anti-Dive Braking Control, assures "heads up" stops.

Even Air Conditioning, if you wish
Air is heated or cooled by a single unit that fits compactly into the front of the car. Requires no trunk space! (V8 models only.) And that's only one of the wonderful extra-cost options you can get!

Easier steering, stopping, clutching
The new Chevrolet steers with ball-bearing ease, thanks to new friction-cutting Ball-Race Steering. New Swing-Type Pedals pivot at the top.

Tubeless tires as standard equipment
On all models! Proved tubeless tires give you greater protection against a blowout... deflate more slowly when punctured.

...and Chevrolet's got that long, low "let's go" look
It's a show car from the word go! Longer looking—and lots lower. There's plenty of glamor inside, too—plus more room for hats, hips and shoulders!

Chevrolet and General Motors have started something—a whole new age of low-cost motoring—by taking a whole new look at the low-cost car. Here are new ideas, young ideas... and some of tomorrow's ideas, too! And they're all rolled up in the most glamorous package that ever wore anything like a Chevrolet price tag!

This is the car that began with a great idea—the idea that a low-priced car could be built that would have the style, the performance, the comfort and convenience features, and the fine quality "feel" of high-priced cars.

This is the car that only the world's leading car builders—Chevrolet and General Motors—could have built. The Motoramic Chevrolet!
Come in and see how the Motoramic Chevrolet for '55 is far more than a new model. It's more, even, than a completely new car. It's a whole new idea about cars!
