Plyler Named Iotla President

By MRS. JACK CANSLER (Community Reporter)
The Iotla Rural Community Development Organization held its regular meeting November 8, at the Iotla School and the following officers were elected to serve for the coming year:

President: Frank Plyler;
vice-president: Paul Swafford;
vice-president: Miss Alice Lee Bradley;
recording secretary: Mrs. Ray Bennett;
corresponding secretary: Mrs. Jay Houston;
treasurer: Jack Cansler;
reporter: Mrs. Jack Cansler;
song leader: Miss Nora Moody.

A discussion was held concerning the extensive area the organization is trying to include in its development. Due to the lack of interest and participation, it seems that the boundary will have to take in a smaller area.

Mr. Plyler, the newly elected president, has called a special meeting for Monday, November 15, at 7:30 p.m., Iotla School, to make plans for the year. Everyone interested in being in this organization is urged to be present. Specific plans will be made on determining the boundary and raising money to carry out projects.

At this meeting, W. Lacy Harper, soil conservationist, will show farm plans and aerial photographs of farms of this section. This program should be of interest to every farmer.

Pine Grove Forms Mission Group, Training Union

Pine Grove Baptist Church has recently organized a missionary society and a training union.

The society has 31 members and will hold installation of officers Sunday night at 7:30 at the church.

The training union meets each Sunday night at 6:30 at the church. E. R. Fox is director, V.

T. Watkins, associate director, Miss Catherine Gibson, pianist, and Miss Loleta Holland, secretary.
Income from tobacco in North Carolina last year was almost five times the income from cotton and cotton seed.

For TOUGH fall plowing—

— and all other plowing, too, just try this new Ford Tractor!

Ford's great "Red Tiger" engine with large bore and short stroke develops extra power with less piston travel, less friction, less wear—fast acting governor gets "in there" under a heavy pull. Ford's new Live-Action Hydraulic System works with the plow to keep going under all conditions. And because it is so easy to handle, the new Ford Tractor covers more ground in a day. See it... try it. Ask for a demonstration.
