Concerning Town Taxes for 1954

To those people who responded so splendidly to my request for early payment of taxes in order that the Town might be able to carry out promises made to Burlington Mills for water extension and storage tank; I wish to express my appreciation as Tax Collector.

To those who did not respond and who have not yet paid; I am obliged to say that you are retarding the activities which must soon be finished and paid for.

It takes only one time to pay, and I hope your time is right away.
