

HAM WITH FRUIT-RICE DRESSING

This pretty-as-a-picture dish looks festive enough for your company dinner, but it's so easy to prepare—and so delicious, too—you will want your family to have it often.

- 2 cups hot cooked rice
- 1 tablespoon butter or margarine
- 1 cup orange segments (2 medium oranges)
- 1 small tart apple, diced (1 1/2 cups)
- 1/2 cup seedless raisins
- 3 tablespoons brown sugar

1/2 teaspoon ground cloves
2 center slices of ham, 1/2-inch thick
2 tablespoons honey

Combine rice and butter and toss lightly with a fork until butter is melted. Add oranges, apples, raisins, brown sugar, and cloves. Spread in 10x6x2-inch baking pan.

Cut ham into six pieces, and place over dressing. Brush with honey. Cover. Bake in moderate oven (350°F.) about 45 minutes, until apples are tender and ham is glazed. Yield: 6 servings.

WATER TANK IS STARTED

Cole Crew On Job; Water Line To Plant Undergoing Tests

Erection of a 150,000-gallon water tank to serve west Franklin and the new Burlington Industries hosiery plant began Monday morning.

The \$10,000 tank is going up on a small tract between Dr. Furman Angel's and A. R. Higdon's, just off US 23-441 on Golfview Drive.

Low bidder for the job is R. D. Cole Manufacturing Company, of Newnan, Ga. An eight-man crew from the company went to work Monday and Tuesday afternoon had two of the five sections of the tank tacked-together.

Meanwhile, a crew headed by Water Superintendent Herman Childers is running a series of tests on the new water line going to the Burlington plant. The superintendent said pressure tests were working out "satisfactorily".

About 700 more feet of pipe must be installed, he said, but will not be done until the tank is finished.

Man Injured In Dynamite Mishap Friday

Forty-year-old John Grover English, of Franklin, was discharged yesterday (Wednesday) from Angel Hospital, where he had been for treatment of injuries received Friday in a dynamite mishap near Gneiss.

While dynamiting a road at the old Curtis Outz place, he was struck about the waist and legs by large chunks of rock tossed by the blast, which pitched pieces across nearby Buck Creek.

Another worker on the job, Carnegie Gregory, of Franklin, Route 5, said he was around a bend in the road when Mr. English touched off the heavy charge of dynamite with a battery.

"I heard him hollering 'help' and I made a bee-line back", Mr. Gregory said following the mishap.

He said he saw that the injured man was "in a bad way", so he caught a ride with a salesman to John Tilson's at Gneiss, where he telephoned for assistance. Mr. English was rushed to the hospital by ambulance.

In recounting events leading to the accident, Mr. Gregory said about 20 holes had been drilled in the rock with three to four sticks of dynamite in each.
