NOTHING IN ITS FIELD CAN MATCH CHEVROLET FOR ACCELERATION!

Great Features back up Chevrolet Performance: Anti-Dive Braking—Ball-Race Steering—Out-rigger Rear Springs—Body by Fisher—12-Volt Electrical System—Nine Engine-Drive Choices.

When you need a quick sprint for safer passing, this V8 delivers!
It's pure dynamite, and you have to go way, way up the price ladder before you ever find its equal.

The proof was burned into the sands of Daytona Beach at the NASCAR* trials earlier this year. In acceleration tests, Chevrolet walked away from everything else in its field. Plus all the high-priced cars except one!

It's the big reason Chevrolet's been taking all corners in short track stock car events this season. Sizzling acceleration along with handling ease and cornering ability—things that mean safer, happier highway driving. Come on in and let a new Chevrolet show you what we mean.

Drive with care . . . EVERYWHERE!
