BETHEL GROUP TALKS IDEAS FOR CONTEST

Make Plans For New Picnic Area; Signs To Stay For Present

By **MRS. LOIS ANDERS**
(Community Reporter)

Last Thursday marked the first meeting of the new rural contest year for the Bethel community.

The meeting opened with prayer and scripture reading, followed by a talk, "Faith", by the Rev. R. D. Burnette.

Many ideas for the new year were discussed, including a plan for the new picnic area. Work on this will begin in the near future.

It was decided to leave the community entrance signs where they are for the present. A day has been set to work on them and to set new shrubbery around them.

A check was made out for the March of Dimes.

Mrs. Gladys Burnette turned

in a good profit from the sale of Christmas corsages.

NEWMAN WELL-KNOWN HERE

Arthur J. Newman, who died recently at Grand Rapids, Mich. was well known here, since he and his wife had spent vacations here almost every summer for a number of years. Mrs. Newman, the former Miss Ella Holt, is a sister of Mrs. Walter McConnell of Franklin.

It doesn't fit!

MUCH HAS BEEN SAID recently about so-called "pirating" techniques used to lure industries to the South. This talk just doesn't fit the facts.

No doubt local enthusiasm has created situations that are not above reproach. But these are isolated instances—the exception and not the rule. And they are by no means confined to the South.

The industries that reputable industrial development agencies in the Southland are seeking—and getting—are not the fly-by-night variety, looking for something for nothing.

The industrial Southland of today offers plant-site seekers ample inducements of real merit without resorting to phony lures or unrealistic concessions of any kind. "Look Ahead—Look South!"

The Southern Serves the South

You bet it doesn't!

THERE HAS BEEN some loose talk lately accusing the South and its industrial development agencies of using and endorsing practically any type of tactics in order to attract industries from other regions. You know and we know that "blanket accusations" of this kind pointing a finger of criticism at the entire Southland not only are unfair—they simply are not true.

Yet, talk of this sort is often picked up and passed on and on. That's why we felt impelled to "speak up"—in the national advertisement reproduced above.

The modern Southland has many enthusiastic spokesmen. We are proud to be one of them. It is still another way we can give meaning to our slogan "The Southern Serves the South."
