

**Featuring Our New Trim . . More Eatin Meat**

Dixie-Home's new method of trimming beef assures you of more tender juicy eating meat with all excess fat and bone trimmed away. Every cut reaches you at peak of tenderness and flavor. All waste parts that you can't eat are trimmed before weighing to give you more perfect eating meat for your money.

**No. 1**

"Uncle Billy" recalls that the rocks were "sledded out" and split with hand drills.

**"Wore Out" By TV**  
In a more modern vein, "Uncle Billy" manages to tolerate television.

"Some of it I like and some I don't," he said pointedly, adding: "If they'd turn it on and play it a little, it'd be all right, but they play it all the time . . . I get wore out with it."

**Born In 1859**  
Born April 15, 1859, "Uncle Billy" was the son of Jim and Mrs. Sarah Ann Rogers. Except for a "little time" during the Civil War in Tennessee he's been pretty much of a "homebody."

He has 10 children living. They are Mrs. Isabelle Holland

THURSDAY, APRIL 26, 1956 **PAGE FIVE**

and Mrs. Rosy Reed, of Gneiss; Mrs. Bessie Holland, Jim McCoy, John McCoy, of Cullasaja; Homer McCoy, of North Skeenah; Mrs. Callie Dillard, of Willets; and Sherman McCoy, Sheridan McCoy, and Mrs. Brunette McClure, of Goldmine. "Uncle Billy" celebrated his 97th birthday with a party Sunday before last. That was the day heavy rain sent the streams and rivers out of their banks and electrical storms hit around the clock. This kind of weather hurt the attendance at his party, but they still came from as far away as Michigan to be with him.

"but I didn't enjoy the day."

**Has Some Cause**  
As for his long life, "Uncle Billy" remarked: "The good Lord, I guess, has some cause for it . . . but I've tried to lead a good life, be kind to everyone, and pay my debts."

**SENIORS RETURN**  
A sleepy bunch of Franklin High seniors and chaperones pulled into town from Washington, D. C., about 7 a. m. yesterday (Wednesday). The group left last Thursday afternoon on the annual trek to the North.

**Attention, CORN GROWERS!**

A Completely New Fertilizer

ACI-42  
14 Units — Nitrogen  
14 Units — Phosphate  
14 Units — Potash

An All Purpose Fertilizer  
Especially tested and recommended by many Agricultural Experiment Stations.
