# Dedication Sunday For Baptist Church

**New Prentiss Baptist Church**

Dedication of the new Prentiss Baptist Church will be held Sunday.

At 11 a. m., the Rev. C. T. Taylor, associational missionary, will deliver the dedicatory sermon. Lunch will be served on the grounds at noon and special singing and talks by the former pastors will feature the afternoon program.

Started in 1952 about two hundred yards east of the old church in the North Skeenah section, total cost of the building is \$16,000. Construction costs were paid as building progressed and only a very small loan was made, according to church officials. At

present, there are no outstanding debts against it.

The new brick church has a large auditorium, six classrooms, and a central heating system. The grounds have been landscaped and a drive circles the building.

Organized in 1914, services were held in an old store building while a church was being erected near the Prentiss railroad station. Principal organizers were James Carpenter, D. C. Stockton, Judson Stiles, and John A. T. Sanders. In 1928 the church moved to the North Skeenah section.

Present membership in the church is 139.

The Rev. Claude Ledford is pastor.

Jess Sanders is program chairman for the dedication service.

## Swafford's Sayin's

I've not said much about what I have in my store, but I have a few things I gotta' tell you about. I guess you have heard about some of them, for they tell about them over the radio and TV, but who wants to listen to a drawn out commercial?

I have flour in towels or pillowcases — you get a dish free, or a coupon to get a dish or something. I have snuff with a pack of needles—wax with 10c off or a \$2.00 certificate for something else — cereals with Walt Disney pictures, marbles, cavalry rifles, navy P.T. boats and wiggle pictures, or you can cut out the box top and send off with enough money and get any number of items. I have washing powder with 5c off regular price, 10c coupon or wash cloth inside, special introductory offer (some I've sold for years) \$100,000 contest kind or Robinhood diaper (you might get one of these for your hope chest), but you will want to buy the kind that makes your clothes whiter than new, gives you baby soft hands and takes all the work out of wash day. I'm wondering when they will have one that smells good, and you can just put a little in your pocket and all the dirt will just disappear — or maybe place a box of the stuff in your wardrobe and that's all there is to it. I think I'll write to the tobacco Co. I work for and have them give a free puffer for a dozen cigarette butts—or have some Co. give a hunk of meat with every pound of pinto beans — or send a beautiful blonde or brunette with every cake of sweetheart soap.

This sounds like nonsense, but it is advertising, and when you think of the thousands of dollars they give away—don't wonder why you pay \$1.00 for a 10c value item. They don't lose any money — — But — if you come to my store — I'll sell you some plain old country style corn meal — no coupons — no nothing — but just plain ground corn — and lots of other things with no strings attached.
