Brady's BLARNEY

By A Bracy Called J. P.

blonde from Portsmouth in last week's column received a variety of interpretations.

Several called it a shrewd maneuver . . . "just beating the story home after you were caught."

"Confidentially now," asked a pal, "what happened after you left the ice cream parlor?"

"You sure it was an ice cream parlor?" asked another. Jane Zickgraf, who "caught"

me with the blonde beauty, is slightly miffed about the whole thing: ". . . I didn't know what to do."

But the one who really deserves some credit is my wife. She was completely unmoved by it all and just last night she promised to be speaking to me again by next Tuesday!

And anyone knows that a restaurant's coffee drink ers (regardless of how much trouble they seem) are also its eating customers; while they're sipping that troublesome cup of coffee, they buy cigarettes, donuts, and other snack items. Just seems to me to be poor business to charge a dime for a goodwill service that does more to encourage eating customers among the locals than any single item on the

It was just a coincidence last week that this column and one from the St. Francis Catholic Chapel, entitled "A Bad Egg?" appeared on the same page.

At least I think it was coincidence . . and in case it was coincidence . . and in case it wasn't I'll make amends by noting that the chapel is very popular with visitors. More than 1,000 visited it last year, according to the church register.

"FOR ALL YOUR LUMBER REQUIREMENTS"

THERE'S A DIFFERENCE

... between an Oldsmobile 88 and the other lower-price cars!

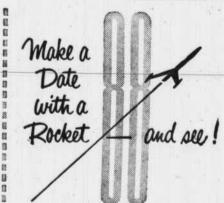

You know you're in a big car... from its looks... from the way it rides and handles! With your first touch on the accelerator—that 230 h.p. Rocket Engine* answers with all its winging getaway and go!

And what flashing performance in the middle ranges! The Rocket is designed to give you full benefit of high torquepound-feet at normal engine speeds. That means there's always plenty of reserve power-when you want it, when you need it for safety's sake.

This rugged Oldsmobile "88" is built to take all that power, too! For instance, there's an extra-rigid, five cross-membered frame to give you ideal, shock-absorbing balance.

Economy? Well, Oldsmobile's "88" (and the Ninety-Eight, too) took top honors in the recent Mobilgas Economy Run! There's a powerful difference, all right! Both in the car, and in our quality-minded way of doing business. So come

on in now. Take the wheel of an Oldsmobile. Rocket away . . . today!
