taking it over from the 2 and Bobby Cabe kicking.

A fumble in the second quarter paved the way for Clyde Erwin's lone score of the game.

Under the cautious prodding of Franklin's new head coach, Dick Stott, the locals exploded with three touchdowns in the final quarter after jockeying back and forth with Clyde Erwin in a scoreless third. Henry did a repeat from the 10 for the first; Willard Smith smashed for the second from the 2 after power plays brought the ball within range; and the third was reeled off by Jim Stuart, who scampered 45 yards into paydirt. It was the first time Stuart had played in an official game.

2 Pick-Up Accidents Injure 3

Two separate accidents of pick-up trucks this week injured three persons, according to reports made by Patrolman H. T. Ferguson.

Friday about 2 p. m., a 1955 Ford pick-up operated by Homer R. Joines, of Franklin, went out of control on Wayah Road and hit a tree. The driver was treated at Angel Hospital for a cut on the head. He told the officer he was traveling east and while attempting to pass another vehicle was forced into the ditch on the left side of the road. The patrolman said the pick-up was out of control for 191 feet after hitting the ditch and then ramming a tree on the right side of the road. He set damage to the truck at \$300.

A '55 Chevrolet pick-up operated by Dallas Ray Reece, 25, of Highlands, overturned about 11:35 p. m. Sunday on NC 106 near Highlands while attempting to pass other vehicles. Mr. Reece's right leg was fractured and a passenger, Furman Reese, 21, also of Highlands, received a cut on his left leg. Both were taken to Highlands Community Hospital. Patrolman Ferguson said the Reese truck was traveling north and was passing two other vehicles when it met a southbound vehicle, ran off the pavement on the right shoulder, and overturned in the highway. Damage to the truck was estimated at \$500. The patrolman charged the driver with improper passing.

Heat from the sun (solar energy) may some day supplement electricity and other power sources in performing a great variety of farm tasks.
