GOOD SMALL FARM
22-acre farm on highway six miles from town, that has gravel road and large stream running through the property. The two-story house on a knoll, has eight large rooms, basement, porches, electric pump and water in kitchen. The house is in good sound condition but could use a paint job. Until recently, the owner has held this property at a firm price of \$8000, but due to having moved to another county, I now have it for sale at a low, low price of only \$5500! His loss is your gain,—so if you have been shopping around for a good small farm, at a down-to-earth price, be sure and see this before it is sold!
