How time flies! One of particular merit is still operative in a stage coach that Santa dumped at our house. Its contribution is the sound of galloping horses. I frequently wake up screaming, thinking I'm in the middle of a stampede.

As he came around the corner at Palmer and Phillips, the hay bales on his pick-up decided to topple off.

It would have been easier to bring the cows up town and let them eat hay than to heave those bales back on the truck, but Mr. Gray chose the latter approach.
