## Cherokee Indians Toppled By Panther Pack, 21 To 12

Scoring in the first three periods, Franklin's Panthers toppled the Cherokee Indians 21 to 12 in Cherokee Friday night.

It was the first conference outing for the Panthers and their third victory of the season, as against one loss.

Tomorrow (Friday) night, the Panthers play host to Hayesville High for a conference scrap and the second home game on their schedule. Kickoff will be at 8 sharp.

Halfback Tommy McMahan carried the ball over from the two-yard stripe and halfback Gary Clark bucked the Indian line for the extra point.

The Indians moved into the ball game when L. Johnson scored on a 10-yard jaunt around end. The conversion failed and the Panthers went on to score twice more.

In the second quarter, Clark scored and Gilmer Henry followed in the third after a 50-yard set-up run. Henry and Darwin Hussey got the extra points on line plunges.

Johnson recovered a fumble and raced 45 yards in the last period for Cherokee's second score.

Studies Progress In Rural Work —

## Philippine Official Visits

An expert in community development work in the far-away Philippine Islands found the proof here Friday of the community development slogan in Western North Carolina. "There's No Limit To What A Community Can Do—If It Wants To".

Faustine S. Macutay, a deputy assistant to the president of the Philippines, toured Carson Community, winner of last year's county rural development contest. He visited several spots in the community, studied the group's scrapbook of activities, and chatted with community leaders about the many facets of the rural development program.

Rainy weather curtailed his photographic activities somewhat, but the genial visitor explained he had grown accustomed to this. "I've taken only five pictures since I've been in the area . . . rain all the time."

Mr. Macutay addressed the Franklin Rotary Club the night before his Carson visit. He outlined for the Rotarians the broad

of working together is the basic tool for reaching this goal, he said.

A lawyer, Mr. Macutay first became interested in this line of work in his home province. In 1954, he organized the professional people of his town (pop: 16,000) and they began to think in terms of a community center. A six-week swing through the rural areas for money and work pledges saw the construction of a center valued at \$7,500, he said. The program was gradually expanded and government officials were invited to lecture.

"Then one day, the government became interested . . . and here I am."

In addition to overseeing community development work, Mr. Macutay is responsible for framing government legislation promoting the program.

He is scheduled to spend about nine months in this county, studying all phases of community development in most sections.

Although original plans called for stopping at the 250-foot level, H. H. Gnuse, Jr., vice-mayor, said this week it was decided to continue digging to determine if a "fracture zone" geologists say runs in that area can be located. If this zone can be located, it will provide an ample water supply, he said.

## Man In Knife Fight Released; Other Is Held

Sheriff J. Harry Thomas has released under bond one Negro man, but is holding another for his part in a fight which saw a 76-year-old Negro woman have part of her arm lopped off by a razor-sharp corn knife.

The woman, Mrs. Arie Crawford, is still hospitalized.

Sheriff Thomas said George Carpenter, 40, was released Saturday on \$300 for his part in the fight on Sept. 14. Carpenter lost part of the palm of his hand to the corn knife. Still being held without bond is Andrew Angel, 40.

Sheriff Thomas said he has been informed that Angel took a swing at Carpenter with the corn knife during an argument at Mrs. Crawford's home in the Sugarfork section, cutting off part of Carpenter's left palm. The force of the blow carried the knife past Carpenter, striking Mrs. Crawford who had her left arm severed about four inches above the wrist.
