Boy Injured, Car Wrecked During Race

A passenger was injured and a car wrecked in an alleged race between two cars Saturday night on US 23-441 about a mile north of Otto, according to a report made by Highway Patrolman W. G. Leming.

Bruce Shuler, of Route 3, a high school student, received a cut on the forehead when the car in which he was a passenger went out of control and struck a bank.

The car was being driven by Bill Gordon McCall, of Route 3, and the officer said it went out of control during a race with one operated by Edward Kenneth Dalton, of Route 4. The McCall car went off the left side of the highway, returned to the center where it forced the Dalton car off on the right shoulder, and then went to the left side again and struck the bank. Skid marks indicated the McCall vehicle was out of control 684 feet before hitting the bank. McCall was unhurt.

Both vehicles were traveling toward Franklin.

The drivers are being charged with reckless driving, speeding, and racing.

McCall was a school bus driver, but has been relieved of duty because of the circumstances surrounding the mishap.
