

How's your horsepower?

You may have plenty of horses under the hood, but if you don't feed 'em right you won't get the kind of performance you were hoping for when you bought that new car.

To make the most of your horsepower, fill your gas tank with clean-burning, high octane Phillips 66 Flite-Fuel. No other gasoline provides the combination of high performance components that make this the "Aristocrat of Motor Fuels."

The advantages of Phillips 66 Flite-Fuel are noticeable immediately. Easy starting... freedom from stalling... lively acceleration! Fill up at the station where you see the orange and black Phillips 66 Shield.

MORE PARKING SPACE FOR FRANKLIN

Joe Ashear (left, foreground), Franklin businessman, has allowed the town to clear and fill his property behind the Ashear Building for a public parking lot. Its addition will greatly relieve congestion, particularly on Saturday, by providing parking space for more than 100 automobiles. Clearing and gravelling is being done by the town. (Staff Photo)
