was not brought out. **No Profits** Although the Federation has continued to pay 6 per cent dividends on stock, Mr. Clarke admitted it had paid them even when it was losing money. Although the Federation's statements have indicated profits, that has been made possible for the

past several years. Mr. Clarke said, by pouring in funds the late Mr. McClure had received as donations. Actually, Mr. Clarke said, the Federation probably has made no profits for five or six years. The youthful president, who took over only about two years ago, urged the stockholders to ask questions; insisted he and the board of directors wanted everything out in the open and to "do what is right"; and appeared to make no effort to dodge even the most difficult query.

Blame Placed

He blamed the Federation's plight chiefly on losses by freezer locker plants owned by the Federation, losses at its poultry processing plant, and "bad investments" over a long period of years. Gene Frizzell, manager of the Federation warehouse here, yesterday (Wednesday) said this unit has consistently operated profitably. He cited a letter of November, 1955, from Guy M. Sales, former general manager of the Federation, saying that for the five preceding years the local warehouse had had an average profit of \$9,450.18 yearly. Mr. Frizzell added that for the three years since 1955, the unit here

Division Cage Play-Offs In Franklin This Week

By RAYMOND SOUTHARD

The opening rounds of the Smoky Mountain Conference tourney opened here Monday night (February 16), with three cage teams playing games.

The first game saw undefeated Swain trounce the Cherokee girls by a score of 42 to 15. During opening play, Cherokee froze the ball and as a result the half-time score was only 10 to 3, favoring Swain. However, paced by tall Sandra McCracken's 20 points, the Maroon Devils pulled away in the second half and easily won the game.

Sylva Wins

The Golden Hurricanes of Sylva won a close one from the Highlands girls, 59 to 57. Although Agnes Gibson scored 24 points, a second half rally failed and the Highlanders lost a thriller by only two points.

Braves Scalped

In the only boys' game of the night, Franklin's own Panthers rolled over the Braves of Cherokee by a score of 57 to 37. During the first half of play, neither team held a commanding lead. The last half was a different story, however, as Don Ledford and Doug Pearson paced the Panthers for the win.

Howdy folks:

I've been itchin' all over to tell you a secret, but since I made your O'le Country Grocery so much bigger, I just haven't had a chance. If you men have ever gone home and found that your wife has shifted everything in the house to the other side, you know what I'm up against. I've had to change about everything here. Can't find some of it myself.

I wanted to tell you something last week, but here come a whole supply of new stuff to put up. Everything to cure anything—and stuff to make you look and smell. Then there's the day all these dry goods came (they call 'em soft goods) and the time these electric gadgets had to be put up—then all the new grocery items. Every time there's something new to go on the shelf, things have to be moved and then they have to be put somewhere else. If you come in and can't find what you want — just look for it — you're apt to find most anything here.

Maybe sometime—not now. In fact I don't think it's right to tell secrets. Do you?

Hundreds of people have come by to see my new store. Have you?

TOWN OF FRANKLIN

Sales Top Last Year

Sales of '59 state license tags topped last year by 392, according to Verlon Swafford, manager of the local branch of Carolina Motor Club.

With Monday's deadline, 3,988 had been sold here, as compared with 3,596 for the same period last year.

Long lines marked Saturday sales at the office as motorists moved to obtain tags before the deadline. Mr. Swafford said about 600 tags were sold that day. Monday, the last day, was busy, but did not compare to Saturday, he added.

A breakdown of '59 sales shows 2,600 tags were bought for automobiles; 1,134 for trucks; 151 for farm trucks; and 103 for trailers. The biggest increase over '58 came in automobiles.
