C.R.P. Restrictions

Producers participating in the Conservation Reserve Program of the Macon County A.S.C. have certain restrictions and obligations to fulfill for the life of their contracts.

- These include:
1. No crops of any kind, including Christmas trees, ornamentals, or Christmas greens shall be harvested from the designated conservation reserve acreage during the contract period.
 2. The conservation reserve shall not be grazed during the contract period, unless authorized by the Secretary of Agriculture.
 3. The producers who sign the conservation reserve contract shall not use any water for irrigation purposes from a water storage facility constructed as a conservation reserve practice on the farm except to irrigate land in conservation reserve.
 4. Producers must control noxious weeds and prevent their spreading as follows: (a) Johnson grass, (b) Nutgrass (c) Common bermuda grass (d) Quackgrass.
 5. Producers agree not to devote any acreage on the farm during any year of the contract period to Soil Bank base crops in excess of the number of acres permitted to be devoted to such crops and not to harvest an acreage of such crops in excess of the number of acres permitted to be devoted to such crops.
- Failure to maintain the conservation practice in accordance with good farming practice for the entire contract period shall constitute a violation of the contract.

Come On In!

Attention Macon County farmers!

Beginning now you may come by the A.S.C. office, place your request for cost sharing, and pick up your purchase orders at the same time. Materials available this year are the same as last year. There's lime, fertilizer and seed for seeding a permanent pasture or hay; lime, fertilizer, and seed for seeding meadow; lime, fertilizer, and seed for improving pasture or meadows on land which you have not been assisted since 1956; lime alone to be applied to land now in or to be seeded to a vegetative cover; tile to drain farmland; or you may request and get assistance in

George Fulbright, Mrs. Edgar Me-haffey, and Carey McCracken, of Waynesville; Dr. and Mrs. Curley Walker and Mrs. Charles Medford, of Asheville; Mrs. Dewey Rochester and Mrs. Elizabeth Goss, of Atlanta, Ga.; Mr. and Mrs. Carl Craig, of Greenville, S. C.; and Mr. and Mrs. Dale Thompson, of Clayton, Ga.

setting trees. If you set trees, it is necessary to get your approval set up before you plant the trees. The amount of assistance or credit rate on trees is \$12 per acre.

The credit rate, or the amount the program pays on each material, is the same as in previous years. In most cases, the government will pay one-half the cost of the material.

MEETING CHANGED

The Otto P.T.A. meeting has been changed from tonight (Thursday) until next Thursday night, March 3, at 7:30, it has been announced.

During a recent 10-year period labor requirements on N. C. farms dropped nearly 18 per cent.

R "EXPERIENCE TEACHES A DEAR SCHOOL" by Shakespeare (1564-1616)

Older people remember from past experience that you usually get no more than you pay for. Anyone looking for a bargain generally pays more than the true value.

Recently the New York City health department stopped the sale of medicines by door-to-door peddlers. Their exaggerated claims about benefits and savings were injuring the health and in many cases defrauding the public. Do not gamble with your health. You can always depend on the quality and fair prices of the medicines, health-aids and vitamins we supply.
