SIX-PASSENGER CAR OR STATION SEDAN ...CORVAIR IS BOTH!

A wonderfully useful folding seat makes every Corvair two cars in one. Just one quick flip and you increase the luggage and parcel space to 28.9 cubic feet. And just as simply, you're back to comfortable six-passenger capacity. It's standard equipment... and extraordinarily practical.

Corvair does car-pool duty with the biggest and best of them. Going to work or school or out for the evening, you've got a genuine six-seater. As for carting around piles of stuff instead of people, just look at Corvair's station-

sedan load space with the rear seat folded. And when that's full you can start on the trunk. Corvair, you see, is no ordinary compact car. No others are so versatile, so ingeniously engineered—with independent suspension at all four wheels, an air-cooled rear engine that never needs water or antifreeze. You just can't compare anything else coming out these days with a Corvair. Drive one... soon.
