NORTH CAROLINA MEANS BETTER LIVING

Tobacco is big business in North Carolina. About 40 percent of our cash farm income is derived from tobacco alone, and 58 percent of all cigarettes made in the United States are manufactured within our borders. So whether you smoke "King-size" or regular, filtered or non-filtered cigarettes, chances are good that you are using—and enjoying—a North Carolina product.

Just as our farmers favor tobacco production controls, people throughout the state favor the system of "legal control" of the sale of beer and ale as being in the best interests of all concerned.

No Help From Hoffa

"Last year Congress passed a reasonably good labor reform law in spite of Jimmy Hoffa. Mr. Hoffa has said that he and his cohorts will make every effort to defeat the Senators and Congressmen who voted for the labor reform bill. I voted for the labor reform bill, and I shall continue to vote to curb the powers of Mr. Hoffa and anyone else who undertakes to defy the government or the best interests of the people. The repeated threats of Mr. Hoffa have not scared me in the past and they will not scare me in the future." Senator B. Everett Jordan

We don't know who Jimmy Hoffa and his gang will support for U. S. Senator but we DO KNOW that it will NOT be Everett Jordan... a man who dared to buck him.
