Plan meals without marketing and feel like a queen

FRIGIDAIRE  
PRODUCTS OF GENERAL MOTORS

Look...ideal family size: 13.52 cubic feet.

Famous **FRIGIDAIRE** Quality,  
New, Space-Saving Cabinet

Here's the most freezer for your dollar!

It's true. Frigidaire engineers actually packed more freezing capacity in this cabinet than you'll find in many freezers that are lots bulkier. The secret: New Frigidaire high-efficiency insulation. It saves extra space for freezing. And look at these Frigidaire quality "extras"...

- Roomy, Quick-Freezing Shelf
- Handy, Slide-Aside Storage Basket
- Built-In Lock protects frozen food investment
- Sub-zero cooling coils top-to-bottom in all 4 walls

## A S C ITEMS

### Inconvenience

Every year some Macon farmers are greatly inconvenienced by having planted in excess of the burley tobacco allotment acreage, according to Siler Slagle, chairman of the Macon A.S.C. County Committee.

Many of the farmers pay additional money out of their pockets to have a representative of the county committee witness disposition of the excess acreage. Other farmers make a deposit with the A.S.C. office to have officials revisit the farm and remeasure the acreage. In just about every case the time lost by these revisits to the farm is an inconvenience to the farmer.

Another reason is that every time a farmer plants in excess of his allotment, he is wasting seed, plants, fertilizer, and labor.

### Plant Shortage

From all indications, there will be a shortage of tobacco plants this year. To reduce the cost of performance and eliminate farm visits to farms where no acreage is planted, the county committee will mail cards to all burley farmers so they may certify their intentions to plant or not plant. With the cooperation of producers, performance cost can be reduced considerably. The penalty on excess tobacco produced this year will be 45 cents per pound. The measuring of tobacco acreage will begin in Macon County around June 13. Three men will be employed as performance reporters.

### Participation

Fifty-two percent of Macon County farmers are participating in the 1966 A.C.P. April 30 was the final date for issuing purchase orders for spring seeding. However, approvals are still being given on lime, either bagged or bulk, fertilizer, and tile drainage. Farmers who are planning to seed pasture this fall would be wise by getting their lime now and applying it to the land before fall. We now have a person who spreads the lime on the field. He also will spread fertilizer at the same time if desired.

A.C.P. funds are still available to farmers who have not participated in this year's program. The local office is open Monday through Friday 8 a.m. to 5 p.m.

## MISS ENLOE IS ENTERTAINED

Miss Betty Joyce Enloe, who is engaged to Fritz Vinson of Sealy, was honored Wednesday evening, May 11, at the home of Mrs. Claude Dillard, of Dillard, Ga., with a miscellaneous shower.

About 25 guests called and the honoree received many gifts. The dining table was covered with a white crocheted cloth. Pink crab-apple blossoms and ivy were entwined around the punch bowl. Refreshments of individual cakes with white icing, pink punch, pink and white mints, and nuts were served.

Hostesses for the occasion were Miss Selma Vinson, Miss Helen Carver, Miss Nina Brown, and Mrs. Hugh Kelly. Mrs. Earl Vinson made castagnes for the honoree and hostesses.

## Mostly About You

By Heinz Rollman

This has truly been a most wonderful campaign and I owe thanks to a great many people.

There must have been a hundred restaurants and drive-ins where I stopped at night, where the owner invited me for a free cup of coffee. In many places I ate lunch or supper my money wasn't accepted, but I was told to consider the meal a campaign contribution.

Gas stations have fixed my V-belt and air conditioning in the car free. I have been treated with more kindness and friendliness than anyone can imagine or anyone deserves. (I must make a confession to the Secretary of State that I did not list in my campaign expense report as

contributions the free things to which I have been invited. I hope I won't end up in jail).

I must also thank the many, many precinct chairmen all over our district who have been so generous with their time, who have arranged meetings to enable me to meet as many people as possible. And I must thank the Republican Party organization from the bottom of my heart for they have accepted me in a friendly and kind spirit and have treated me fair in every respect.

My thanks also go out to the newspapers, radio and TV stations who have carried my advertising in a prompt and fine way and who were courteous and civic minded in reporting about my activities and ideas also in their news columns.

I am also grateful beyond description to the thousands of good people who have written me encouraging letters, who called me to wish me luck, and assured me of their support in the general campaign, irrespective of their present party affiliation.

Last, but not least, I want to say thank you to my opponent in the primary who has fully lived up to our understanding that ours will be an absolutely clean primary campaign.

What a great pity that not more people become candidates in primaries in our wonderful land. Primaries,

just like elections, do create a great deal of interest and bring the candidates closer to the people and the people closer to their future servants. In spite of communism and in spite of Khrushchev, the future for our nation is brighter than ever in our history.

We are now united as we have rarely been before. We are truly the united people of the United States of America. Truly God's own country. We united people will not be put down on our knees by Khrushchev or any of his successors. Our skills, our spirit, our love for humanity and our sense of fair play will ultimately spread

to the far corners of this world if we always remain aware of the fact that our country has the greatest, most wonderful mission any nation has ever had.

We will strengthen our Bill of Rights as we expand on our Bill of Obligations.

Regardless of whom you vote on either ticket, when you mark your ballot or push the lever on the voting machine, remember it has to be done twice—one for the short term and one for the regular term. Be sure to ask the election officials, who know.
