Q.—I am the widow of a World War II veteran who never applied for a GI loan. I have never remarried. Recently, I noticed that the deadline for World War II GI loans had been extended to July 25, 1962. Does that mean my right to apply for a loan was also extended?

A.—Yes. Eligible unmarried widows of World War II veterans have until July 25, 1962, to apply.

Q.—My GI insurance policy has lapsed and I must take a physical examination to reinstate it. Who should mail my medical application for reinstatement to the V.A. I or my doctor?

**Legal Control is Working . . .**

**The Legal Sale of Beer**  
**Produced Over**  
**8 Million Dollars in**  
**State Excise Taxes**  
**for 1960**

... The counties and municipalities permitting the legal sale of beer will receive their share of these taxes early in 1961 based on the new census report. The exact amounts will be published at that time. During the past 10 years, this tax has produced more than \$60,000,000.

This tax money is in addition to local license fees and franchise taxes collected by local governments permitting the legal sale of beer. And all this is in addition to the local taxes paid North Carolina by beer distributors, plus gas taxes and income taxes at all levels paid by those employed in this business.

The so-called "dry" counties do not receive any of this revenue nor do they receive any law enforcement assistance from the State ABC Board. And there is no way to collect any sales taxes or license fees from the bootlegger.

Under North Carolina "local option laws" any county or city by a vote of its people, can participate in the advantages of "legal control," including law enforcement and tax benefits. 85% of North Carolina citizens in 66 of the State's 100 counties have chosen "legal control."

Is your county receiving these benefits?
