CAMERON NEWS

Quite an interesting meeting was held during the past week at the Methodist Church, conducted by Rev. L. H. Joyner, assisted by Rev. J. A. Hornady, of Maxton. Rev. Mr. Hornady did the preaching, and preached plain Bible truth. He held the attention of the vast audience who assembled at each service to hear him from beginning to end. When he took his text, he stuck to it, and its meaning was plain and forcible. Thirty years ago he was a popular and prominent preacher of Cameron Methodist church. He has grown older, but he has grown in grace and, if it could be possible, more consecrated.

Rev. and Mrs. J. A. Hornady with Mr. and Mrs. Carlton Matthews, of Lemon Springs, were dinner guests on Sunday of Rev. and Mrs. L. H. Joyner.

Prof. and Mrs. Duncan Matthews, and children, of Vass, were guests on Sunday of Mr. and Mrs. J. J. Irvin.

Monday evening a sign painter, footing it from Savannah came to Cameron and painted signs for J. A. Phillips and the Cameron Hardware Co. He was 94 years of age, so he said, and was youthful looking, even as youthful looking, it is stated, as J. W. Cameron, Gene Thomas, Chas. Hunter and other good looking fellows who hang out between the Cameron Hardware Co. and the drug store. After telling the said fellows he had never formed the habit of

EUREKA COMMUNITY CAMP

From Tuesday, August 29th, to Thursday night, August 31st, the people of Eureka community enjoyed a most delightful trip to Thaggard's Pond. There were twenty-five members of the party, old and young, who spent the entire time on the grounds, while during each day the number was swelled to thirty-five or forty.

On the last night of the camp there were from seventy-five to a hundred visitors on the grounds. The most delightful feature of the evening was the music rendered by the ladies of the Carthage Music Club. After several selections by the club, everyone present lent hearty and lusty support to an old-fashioned community sing. The moon shining on the lake gave enchantment to the scene, and it was with regret that the campers disbanded at a late hour and returned to their homes.

Eureka has set a precedent for other communities, and has proven that it is not impossible for farmers with their wives and children to leave home for several days, along with their neighbors, for social enjoyment and recreation. The great success of this camp points to a larger and longer camp for Eureka community at the end of the summer of 1923.

WHOM WILL IT BE?

The contest to determine the most popular young lady to represent the American Beauty Rose in the Floral parade, starts in this paper next week.

The annual parade at the Sandhill Fair will be known as a Floral Parade. All of the well known flowers will be represented by a float and, according to present plans, there will be over thirty-five floats in the line-up. Prizes for the best floats have been increased this year to \$25.00 for the first, \$20.00 for the second, \$15.00 for the third, \$10.00 for the fourth, \$5.00 for the fifth, \$5.00 for the sixth and a special ribbon for the seventh.

The "piece-de-resistance" of the parade will be the American Beauty Rose which will be represented by the Moore county young lady receiving the most votes in the popularity contest.

The first ballot will appear in next week's issue of this paper and will continue for four weeks. Each ballot will be good for five votes and these ballots must be sent to the secretary of the Sandhill Fair Association at Pinehurst each week.

Now is the time for each community to select their candidate and start their campaign.
