SMALL GRAIN YIELD INCREASED BY TOP DRESSING

Farmers who are interested in making greater yields and more profitable crops of oats and other small grains can do so by applying nitrate of soda as a top dressing, say extension workers of the State College and Department of Agriculture.
According to Mr. W. F. Pate of the Division of Agronomy this application of nitrate of soda should be made during March or at that time when the ground begins to warm up and the grain begins to grow. Mr. Pate says that the soda should be used at the rate of about 100 pounds per acre and broadcasted by hand in the afternoon or when the oats and wheat are not wet with dew or rain to prevent burning. If used in this way nitrate of soda should produce very profitable returns.

LESSON FOR MARCH

JESUS IN GETHSEMANE

LESSON TEXT—Luke 22:39-48, **GOLDEN TEXT**—Christ also suffered for our sins, the just for the unjust, that He might bring us to Himself by His own suffering. I Peter 3:18.

REFERENCE MATERIAL—Matthew 26:23-26; I Cor. 10:13; Heb. 4:15, 16. **PRIMARY TOPIC**—An Angel Jesus.

JUNIOR TOPIC—Jesus' Power Strength.

INTERMEDIATE AND SENIOR TOPIC—How to Stand the Hardest Test. **YOUNG PEOPLE AND ADULTS TOPIC**—Submission to the Father's Will.

I. Jesus at the Mount of Olives (vv. 39). He went from the room under cover of night to the garden of Gethsemane. Gethsemane means oil press. It is a place where the oil was crushed out of the olives. There is a striking significance in Jesus' coming to this place. His sweat was precious, being used both for the lamp and for the lighting. The bruising and the sweating of Christ in this garden earned the largest blessings in the world. It has provided food for many and light for their lives.

II. His Companions (vv. 40-42). Peter, James and John, who were with Him on the Mount of Olives, were permitted to go with Him into the deep shadow of the garden. He took those who were able to apprehend the meaning of the tragic hour to be His sympathetic companions. This was needed to spare them as His witnesses. He was too, as a human being He crucified.

Jesus Praying (vv. 41-44).

1. He Withdrew From His Companions (v. 41). Even those of the "inner circle" could not follow Him. He tore himself away from them. He must be alone in this hour. He knelt down and prayed.

2. What He Said (vv. 42-44). "If thou be willing remove this cup from me." The cup did not mean the physical sufferings of the cross, but the spiritual sufferings they were very great. He now desired to escape from the cup and thus stop short of His Father's will, for this was the purpose of His coming into the world (Heb. 2:14). It was rather the will of His Father that He should die to Him by the cross. He had come into the world with sin in becoming the Redeemer. By virtue of the cross and the perfection of His nature, He could do nothing else than to die. He saw in this hour the sins of the world that were to be forgiven. He saw the way of His Father's face. He saw what was before Him, He saw Gethsemane for this hour, He consciously brought His will into accord with the Father's will. Though the cup was bitter, He submitted to the Father's will. So great was this agony that his sweat was as it were great drops of blood falling down to the ground. This crucial hour an angel from heaven strengthened him.

IV. The Disciples Sleeping (vv. 45-48). They had boasted of their faith, but could not watch with Him an hour. He had issued a warning to them, but they had fallen. He gently rebuked them.
