DOUBLE CHRISTENING IN FORD CAR FAMILY

There's been a double christening in the Ford car family.

When the newest member, a smart sedan with two doors, arrived on the scene, announcement of which is just made, there came with it the question of a name.

For several days the folks just couldn't decide what to call the baby of the family until, from quite an un-

expected source, there came the happy suggestion:

"Let's call it Tudor."

And Tudor it was christened, a name quite in keeping with the aristocratic appearance of the new car.

"How about re-naming the other sedan?" some one asked, and then came this reply: "We might call it the four-door Ford or—Ah, that's it! Ford-or, Fordor. Simple and expressive, isn't it?"
