ANOTHER MUSICAL TREAT FOR SANDHILLS

While in point of numbers the audience that greeted Charles Hackett. in his recital last week was not all that could be desired there is no question that in enthusiasm it equalied any audience that ever gathered in the Sandhills.

When an artist is called back for two enchores after his final number on a program that had consumed an hour and a half of singing, it speaks volumes for the popularity of the singer and for the appreciation of his

The recital of Charles Hackett was a real event which met with such unanimous approval by those who were so fortunatt as to attend it that we have decided, in spite of the financial loss of this first experiment, to try it again, and it is with much pleasure that we announce a joint recital by Renato Zanelli, the emminent young Metropolitan Opera Baritone, and Lionel Tertis, the world's greatest Viola soloist, on Friday, January

Lionel Tertis a "Shining Light" Lionel Tertis, the gifted Viola soloist, who will appear with Zanelli is, without question, the greatest Viola

soloist in the world today.

He recently appeared with the Amsterdam Orchestra under the leadership of Mengelberg. The critic of "Het Vaderland" paid him the following tribute: "Mr. Tertis does more than have a sovereign command over the technical resources of his instrument. He makes it sing, weep, draws a picture, declaims a man with supreme artist on this instrument so seldom met with in solo.

Soloists on this instrument are exceedingly scarce and amongst them Tertis is a shining light. His tone is noble and big. I have referred al- D. We are most thankful to have made the acquaintance of such a viola player, who was received by the audience most cordially, and recalled with warmth several times."

JOHNSON'S LETTER NO. 17

I overlooked a whole page of notes that ought to have appeared some three or four weeks ago; and while they do tell us that once we have put our hands to the plow we should not look backward, and they go so far as to cite the case of Lot's Wife; yet I am sure it is never too late to repair an injustice, if it is attempted before the Books are closed:

RECORD RECEIPTS AT **CO-OP HOUSES**

More tobacco of the 1923 crop reached the warehouses of the Tobacco Growers' Co-operative Association last week than at any time this season. Steadily increasing deliveries by the organized tobacco farmers brought the marketing association exactly 8,-948,973 pounds of tobacco last week, according to the reports of the warehouse department.

Members of the marketing association in Eastern North Carolina who will be the first to receive cash payments from the three million dollar distribution of the association which begins its third advance on the 1922 crop next week, are increasing their deliveries, the association having re-ceived up to within one and a half million pounds as much of the 1923 crop in the east as the total deliveries of 1922 from that section.

Old belt co-ops who will receive a third advance on their 1922 deliveries on January 10th, last week delivered close to six and a half million pounds of bright tobacco to the co-operative houses, this with a million and a quarter pounds of dark-fired and sun-cured tobacco delivered in Virginia brought the total of the Virginia and
