Dan McKeithan is a young chap, but he has been moving fast. He is about 28 years old. He is a native of Aberdeen, leaving there when 15 to go to Davidson where he graduated it 18, an honor man. He taught school at Asheboro after coming from Davidson, and then four years ago went into the Page Trust Company's office. He advanced until he became cashier, and is rated now as one of the most capable men among the younger bankers of the state.

Mr. McKeithan and the Page Trust Company are neither one very old, and both are growing at a rapid gait.

MRS. FRED C. PAGE ISSUES ROLL CALL

November 11th is the Day when You Can Join the Red Cross

"Saving a baby costs the public so

Losing a baby costs the mother so

In promoting the establishment of rural and community nursing services, the Red Cross is becoming a greater factor each year.

Seventy-nine Red Cross nurses in the South are caring for the sick, protecting the well and teaching the principles of good health to all.

Moore County Red Cross Chapter with the aid of the County supports one of these nurses.

The funds that we raise during the Roll Call each year go directly to the nursing service in Moore county. A small percentage of the membership dues goes for national work. All the donations and a large part of the membership fees is kept for our work

If you have never been a member of the Red Cross, join now. If you have always been a member, renew. If you can spare more than just membership fees, make a donation that we can

use here for our nursing service. The name of your local Chairman will appear in next week's paper. Give your chairman your generous and loyal support.

HEMP COTTON MILL WILL SOON START

One of the Most Modern Plants To Make Fine Goods

The new cotton mill at Hemp will be in shape to start by the beginning of the new year if not sooner. Machinery is rapidly getting into place, and finishing touches are put on here and there every day. In a short time one of the most modern plants of its kind will be in operation, and it will turn out a fine grade of woven

The mill is about an acre in size on the floor, one story high. It will be a weaving mill, making the finer voiles and similar goods. It is setting in place 300 looms, and the necessary equipment to operate them. The building is in the form of a square, with lights from all sides and from the top. Automatic sprinkling arrangements of the latest pattern takes care of fire risk and other demand that may be made for water in any form or any quantity. Power comes from the lines of the Carolina Power Company, with driving machinery of ample capacity. The design of the mill was to utilize the most efficient machinery and to get the best results.

The looms are of the most modern pattern, and are set in blocks in such a way that every facility for labor saving accomplishment is possible. Every time a pound of material moves from the receiving door of the factory it will be moving in a direction it should go until it is in the packing cases in the form of finished product ready to be loaded on the cars at the railroad siding by the door of the mill.

In building this mill the company has not only planned for an efficient and modern mill, but has considered the comfort of the operatives who will be employed. Health conditions have been regarded as much as productive capacity. A number of houses are built about the mill, and more will be built as the demand requires, and the houses are designed for the comfort and happiness of the mill force. Much work remains to be done in establishing the mill village, and much dependence necessarily will be placed on the accomodations afforded by the village of Hemp adjoining the mill property, for the cotton proposition is a community development as well as an industrial promotion. The mill will always keep in mind the welfare of the entire community, and carry on in a way that the original town and the new addition may be in harmony and mutually beneficial.

NIAGARA

Mr. and Mrs. A. Green and daughter, of Southern Pines, visited at the James Green home Monday.

Mrs. C. Carter, Miss Carrie Somers and Miss Maude Stewart motored to Aberdeen Wednesday morning to attend the meeting held at the Methodist church by the evangelist Caldwell.

Mr. Hawk arrived Thursday for a visit with his brother Dexter Hawk and family.

Mr. and Mrs. Klutz made a business trip to Vass, Saturday.

Mr. and Mrs. E. Barton were calling on friends in the village, Friday. Mr. Somers and son Gates, and daughter, Miss Carrie, motored to Pinehurst, Friday.

Miss Sarah Williams, who has been visiting with relatives at Staley, the past week, returned home Thursday.

Mrs. D. McDonald and daughters, Jessie and Jean, and Mrs. Lacy Mc-Donald and small daughter, spent Saturday in Southern Pines.

Dr. Lewis and family from New Denver Thompson York state have leased an apartment in Niagara, and will spend the winter

Mr. and Mrs. Rice and daughter, were guests at the James Green home several days last week. Mr. Rice has spent the summer months in the north and is looking for a place to locate this winter. They were favorably im-(Continued on page 5)

E. J. WOODLEY

E. J. Woodley, Democratic candidate for representative in the legislature from Moore County is a Jackson Springs man, although he came to this state a few years ago from South Carolina. Mr. Woodley is a big farmer in the Jackson Springs section, employing many hands, and exerting an influence in his community. While a comparative newcomer into Moore county politics he has a broad understanding of community affairs, and has made a lot of friends since he came into the county.

His portrait, shown above, leaves no doubt that Moore county will be properly represented at Raleigh when the good looking men are picked out, for the picture shows an upstanding, square built, type that will classify with anything that any of the rest of the state is liable to send to the capital.

While Mr. Woodley is so far only the candidate for election, his standing in the county and the fact that he is the candidate of the dominant party in politics leaves no doubt of the result, and the election next week will be more a ratification than an election.

CURB MARKET AT CAMERON

Open Every Saturday Afternoon -Other News of Interest

The curb market will be open again to the public next Saturday afternoon, November the first. A specialty of home-made candies and cakes. The curb market is run under the auspices of the Womans Club for the benfit of furnishing the new school building. The club now has 30 members. All members of the club, and patrons of the school, and all who are interested in the school, and even Cameron community are urged to donate to this curb market. Show your patriotism to the town, school, and community. Send in your donations any time thru the week or early on Saturday morning to Mrs. J. D. McLean, and Miss Minnie Muse. Donations are as follows: Clothes, notions, eggs, butter, chickens, fruits and vegetables, fresh or canned, pickles, preserves, jellies, cakes, candies, salads, etc. Now all who read the above need have no further trouble as to what are the donations asked for.

Hallowe'en!

At the Cameron graded school building on the evening of November

Cameron town and country side,

Together will convene To try their fortunes, meet their fates And hold their Hallowe'en.

Full blithe that night. There'll be feasting and fun, So do not fail to come; Ghosts in the corners.

Goblins everywhere, Witches on broomsticks. Riding through the air. (Continued on page 8)
