ACTIVE PINEHURST **BROTHERHOOD WORK**

Movement Gaining Momentum and Worthy Causes Fostered

(J. T. Craig)

The Men's Bible Class at Pinehurst, operating under the name of Sandhill Brotherhood of Pinehurst, is not only maintaining the rapid pace set some months ago, but is gaining constantly and consistently, both in numbers and in work. The membership at this time totals ninety-five, and there is no doubt that it will, within a very short time, greatly exceed the hundred mark at which their stakes were set at the beginning.

They are now confronted with the problem of securing quarters that will seat the present Sunday school and allow for the growth that is sure to come. They have outgrown their present meeting place at the Community House; in fact the main room there is scarcely large enough for the Brotherhood, and as there are well over one hundred in the other classes it is immediately evident that another location must be provided without much further delay.

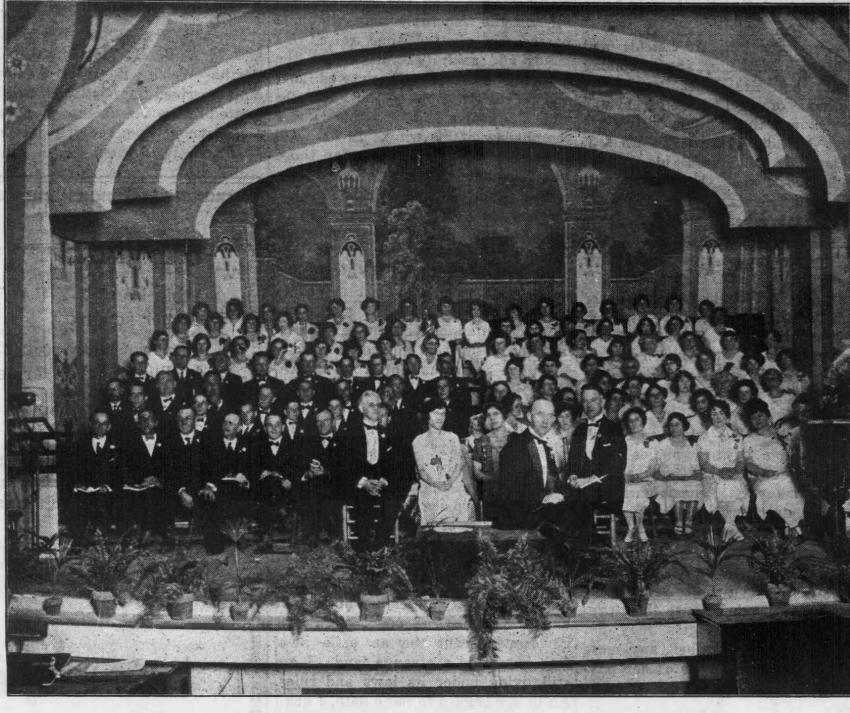

All of the sessions of this class have been intensely interesting and helpful. A few Sundays ago the Hon. Russell Clegg, of Carthage, came over and delivered one of his delightful addresses, based on the lesson for that day. Mr. Clegg has, and merits, the reputation of "knowing his Bible." This knowledge, together with a vast fund of experience gained thru years of practice in his profession, is sufficient assurance that any audience fortunate enough to secure him will hear something worth while. At this same service, a delightful musical programme was rendered. Solos by Miss Coffey, of Lakeview, and several selections by a quartette, composed of Miss Coffey, Miss Meadows, Mr. Raymond Johnson, and Mr. Rassie Wicker, were of a character seldom heard outside of the city churches.

On the following Sunday, John R McQueen delivered one of the wholesome talks for which he is noted, the kind that everyone who knows him delights to hear. Mr. McQueen has been so long and favorably known, having been identified with Pinehurst and every good movement enjoyed by this section for many years, that further comment here would be ful-

Rev. W. M. MacLeod, the enthusiastic leader of his class, has perfectly an organization that is doing a wonderful work. Of course, their fields are unlimited. Just now, they are furnishing a scholarship at Elise High School, and are taking up the matter of supporting other students there. In the very near future, they plan to create a fund for educational purposes, this to be loaned to those who might not be able to secure elsewhere the financial assistance necessary to equip them to take up the battles of life. All of which is an indication that the Brotherhood, in doing things for others, is laying the foundation

of a structure that will endure. A few days previous to the last Sandhill fair, Rev. MacLeod made the suggestion that the class enter a float in the Annual Parade. Out of the fertile brain and genius and solicitude of Rassie Wicker there sprang as fine a float as ever passed in front of our grandstand. It won first prize and the coffers of the Brotherhood were enriched with funds to be used in some of the above mentioned worthy

And so it goes. Every task this good man imposes is discharged with dis- give the painted parts another coat patch. But the men of the Brotherhood don't regard them as tasks at all. To co-operate with him in the great work he is doing is to them a source of much joy and satisfaction. And any time Rev. MacLeod finds that he is not getting just what he wants, a

PROTECT FARM MACHINERY

Farm machinery and implements will be used very little in the field from now on until next spring; so, put them away under shelter and in good repair, thus saving time and money next spring.

"Put the machinery and implements in an implement shed or in some outbuilding on the farm where they will be protected from the rains and snows of winter," says D. S. Weaver, farm engineer of the Department of Agronomy at State College. "Before storing, however, clean off all dirt and mud, especially from those parts not painted. Clean off the bright parts and cover them with a heavy coating of grease. This will prevent rusting. Sometime duing the winter and tag those parts which need re-

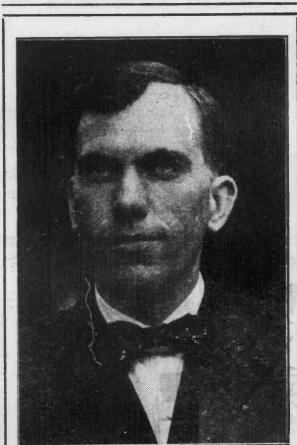

placing." This will mean longer life and more efficient results from the machines, states Prof. Weaver.

His work at Pinehurst thus far has glance in his mirror will reveal the been a revelation, and if he keeps up only reason, as the community seems the rate he is now traveling the first determined to stand with him to the thing he knows he'll be making Christians out of some of the church people.

CLAUDE L. WILLIAMS

This estimable young man was recently elected superintendent of Sunday School at the M. E. Church, Aberdeen. He has lived in Aberdeen since 1921. Previous to that time, he had charge of a department of the Odell Hardware Company at Greensboro. He has been an indefatigable worker in Sunday School and Church whereever he has lived.

His father, G. B. Williams, who lives in the Clay section of Moore County, near Hemp, has been Sunday School superintendent there for many years. Thus the younger Mr. Williams is following in the foot-steps of a good father, and The Pilot bespeaks for him a successful administration of the affairs of the Sunday School at Aberdeen.

Mr. Williams is one of the buyers at the Pinehurst Department Store. Has been a member of the Harvest Musical Festival chorus from it's beginning.

He has a host of friends thruout this whole section who are confident that the account he will render of his stewardship will be all that could be desired.

KIWANIS SESSION WAS BIG SUCCESS

Delegates Were From Sixty-Six Towns in The Two Carolinas

The weekly dinner of the Kiwanis club held at the Manor Wednesday in Pinehurst, was largely given over to a review of the convention of clubs the week before.

Reports indicated that it was about the most successful convention of the clubs of the two states ever held, and the letters from all over the two Carolinas spoke with extreme satisfaction of both the convention and the reception that the Carolina hotel extended to the visitors. Sixty-two out of 77 clubs in the district were represented, the attendance exceeding five hundred persons. The Aberdeen club won the silver bell given for the successful golf contestants. One interesting feature was the emphatic impression of the Sandhills made on the strangers who came from all quarters of the two states, for they all went away pleased with the experience of their few days in this neighborhood.

Not long ago the club ordered the purchase of a silver cup to be presented to the Moore county school having the best attendance during the present school year. The cup has arrived and was turned over to the ultimate award to the school that Southern Pines-Mrs. A. C. Ber- wins it. Each year the cup will be nard, Mrs. E. C. Loomis, Mrs. F. H. put up, and it will go to the school Wilson, Mrs. M. H. Grearson, Mrs. winning it for the year by the best attendance, until one school wins it through more than one year, when it will be the property of that school.

Recognizing the disadvantage of holding the weekly meets at any place where the club can arrange it was Lakeview-Mrs. W. H. McNeille, decided to henceforth meet in the ban-Miss H. E. Daugherty, Mrs. R. A. quet room of Jack's new resturant to be opened shortly in the new building of the Citizens Bank and Trust com-Carthage-Mr. J. M. Phillips, Mr. pany in Southern Pines. Jack has made arrangements to carry on there Southern Pines-Mr. F. W. Van one of the finest resturants and as-Camp. Mr. A. L. Adams, Dr. R. W. sembly rooms in the South, and he will Leiby, Mr Fred Cole, Mr. Richard not only take care of the Kiwanis club but anything else that wants a highclass service in his line.

Two schemes came up for a little Pinehurst-Mr. Willard Dunlop, discussion, the one that said representatives of the Ricker company and of the Lockwood-Green company would be in Southern Pines Thursday and Friday to go further into the hotel project, and to try to get to some positive footing before they go home. The other was the announcement that the advertising committee that is undertaking to carry out the expenditure of about \$75,000 in the next five years for advertising will hold a meeting in Southern Pines Thursday night, at which some work will be laid out in the hope that the advertising may be started at once. From some of the communities money is coming in right freely while in other quarters the contributions are not what they should be.

The committee will try to warm up the kettle and see if the money can not be provided forthwith.

LET SOME SUNSHINE IN

Sunshine is the best disinfectant on terian church Friday evening, when the farm. It is a great destroyer of

"Where one has the capital, winter N. C. The ceremony was performed is a good time to add some windows by Rev. W. W. Harrison, D. D., who to the barns and cattle sheds. If new ones are being built, be sure to make Mrs. McKeithen is the only daugh- provisions for windows," advises Prof.

There will be a plate supper at the Lakeside Inn, Lakeview, N. C., on Friday, November 13th., from six to Tax collector will be in Vass next eight o'clock. Benefit of Church Furnace Fund.
