

THE WOODROW WILSON MEMORIAL

(Continued from Page 1)

I also wish to inform the interested public that I accepted the chairmanship for one county as the only escape from having the state chairmanship thrust on me, with the idea that it is less reprehensible to be a one per cent nuisance than one of one hundred per cent. (My friend, A. T. Allen, state chairman, may note the above, if this letter shall come to his attention, and make the best of it he can.)

The purpose of this particular "drive" is to gather funds to purchase and preserve the house at Staunton, Va., in which President Wilson was born and the church in which he was baptized and of which his father was pastor, and to erect a memorial, the exact character of which is as yet undetermined, to the memory of the World War President.

I have read somewhere that the "quota" assigned to the State of North Carolina is \$50,000, which seems to me, the scope of the enterprise being national, to indicate a whale of a memorial. As far as I know no "quota" has been allotted to Moore county. If there has, it was done without my knowledge and consent and is therefore null and void.

It is my opinion that everybody in this county reads one of more of the three county papers. I am asking them to publish this statement in their next issues, and that will be the genesis and exodus, the alpha and omega of this "drive," so far as Moore county is concerned.

If you wish to contribute, send me your check and I will forward it to Mr. Allen, State Chairman, along with your name, which I assume will be carved or engraved or deposited somewhere in or around the proposed memorial. Note this is not a promise of the management (possibly they may not care to have me speak further for them,) but is my own mere assumption based on my observation of the methods usually employed in such enterprises. It is quite certain that your check will be cashed, (your bank favorably co-operating) and the proceeds used. It is not quite so certain about your name being carved on the Wilson Memorial. But at least it is not certain that it will not be. We can never tell.

Address,
H. A. PAGE, SR.

AN UNUSUAL OPPORTUNITY

TO BUY HIGH CLASS GOODS
AT CLOSING OUT PRICES

Everybody knows the Pinehurst Department Store must buy a large quantity of the highest quality and the latest minute styles.

Everybody knows that a certain amount of these goods will be on hand when the season closes, for we cannot gauge our purchases to exactly fit the demands.

Everybody knows that these goods, absolutely the latest thing for this spring will not suit our trade next spring.

Everybody can see that these surpluses must move out now, and it is not a matter of what they bring, but that they sell now when they are late styles and seasonable, for next spring they will be out of date.

You See The Point—

These surplus goods are offered at a price to move them. The stocks are not complete in all lines, nor are they of wide variety in some things, for we try to sell down as close as possible by the close of the season, but there are bargains for the shrewd buyer, and they are sure worth looking at while they last.

Possibly you have heard the women talking the last week or so of the good

chances they have been finding at the Pinehurst Department Store. It is no idle gossip. They have been getting Fine Merchandise AT CLOSING OUT PRICES!

If you can use anythings in baggage—Trunks, Bags, Hat Cases, Steamer Trunks, Fine Goods, Low Prices, Here is your chance.

A few of several types on our hands. They are your opportunity.

The Pinehurst Department Store
Pinehurst, N. C.

Come and help us clean up these surpluses. No better goods made, but they are on our hands with the season closed. It is your chance.

Our Savings Department

We wish to call your attention to the fact that this bank maintains a first class Savings Department. We receive on savings accounts any amount from one dollar up. On each account we compound the interest semi-annually, adding the interest to the account without any trouble on the part of the depositor.

Additions may be made at any time, and under normal conditions deposits may be withdrawn in whole or in part at any time. On these savings accounts we pay 4 per cent interest.

We recommend this kind of account to persons who have money for which they have no immediate use and which they want kept in a safe place until needed. The compounding of interest is automatic. This money is not idle, but is constantly making more money for you, accumulating for the rainy day or the day of need when other sources fail.

We would be pleased to have you call and open a savings account with us.
