Where R. C. Thomas had four acres in dewberries last year, he now has four acres of the finest, rankest, richest corn, with two large well developed ears of corn to each stalk. When he dug up his dewberries, he prepared the ground for planting, not using fertilizer of any kind, and planted the corn on the 28 of July. For fine upland corn, it can't be beat. I'd like to know how many bushels of corn these 4 acres will produce.

Farmers of McDowell County are realizing that livestock and poultry

offer the best mediums for bringing about permanent farm prosperity and they are rapidly adopting this new method of farming, reports county agent W. L. Smart.

# A real discovery in motor lubrication

**-ALREADY proved on the cars listed below**

**BEFORE** offering the new "Standard" Motor Oil to the public, road tests aggregating hundreds of thousands of miles were made with every type of car and truck.

Every test showed astonishing results; increased oil and gas mileage; better lubrication; smoother operation of the motor at all speeds; no carbon; more power and less drag on hills.

Buicks, Hudsons, Dodges, Packards, Fords, Nashes, Macks, Whites, Overlands, Studebakers — and many others prove that the new "Standard" Motor Oil gives results never dreamed of in a motor oil.

Verify its performance in your own car. Just get your crank-case filled at the nearest "Standard" Service Station or dealer. Then expect results. You can actually feel the difference.

## 7 Advantages of "Standard" Motor Oil

1. Constant lubrication.
2. Minimum friction.
3. Less "breaking-down" under load or at high speeds.
4. More miles per quart of oil.
5. Better hill climbing — smoother operation.
6. Negligible carbon.
7. Actual saving in gasoline.
