**Home Talent Chautauqua Decided Success**

Carthage was delighted with the programs presented by the Home Talent Chautauqua in the High School Auditorium on Wednesday, Thursday and Friday evening of last week, also Friday afternoon.

Each program was well attended, and enjoyed. The main features of Chautauqua were: Wednesday evening there was music and an address by the Mayor, W. H. Currie, the Fashion Revue, put on by the Fashion Shop, was a delight to the feminine eye. The advertising stunts put on by the different business houses in town were interesting. Thursday evening there was an old fashion Minstrel, which was very entertaining. Friday afternoon the Primary school children gave a program and with most of the parents, that is the mothers, that was the "high spot" of the Chautauqua, for there were the little folks that had worked so hard, and did their parts so well, all due to the careful training of the patient teachers "behind the scene." Friday evening the Round Dozen Music club, and Book Reviewers had charge of the program. Ye Old Time Singing School, put on by the Music club, was good. The play given by the Book Reviewers, in two acts was well rendered, and thoroughly enjoyed.

The Carthage Woman's club, wishes to thank each organization and individual that took part and cooperated with them so beautifully, in making the chautauqua a success. The club would especially like to express their thanks to the teachers, who have always given their time and effort and have always co-operated with the Woman's club to make the Home Talent Chautauqua a success, which is certainly has been for the past two years.

A Dollar saved is a dollar earned, as Poor Richard used to tell us.

With the unsatisfactory conditions that are prevailing in some sections of the country the wise men will hang on to his dollars, for he cannot tell what the future will have in store for him.

If your money is in the bank it is helping business to thrive, and it is where you can get it when you need it. It not only helps you when you want it most, but it helps business when business needs capital, which is after all the accumulated surplus that business can get from the banks.

The place to save your money is with the
