Football claims the present organized attention, and the young blood will be kicking the pigskin through to the breathless time when Grantland Rice again announces his All-American team for 1928.

While the boys are ready for Saturday's kickoff over the State, several, for instance Maitland Grover, Southern Pines, have been making places on collegiate tennis teams. Maitland played this week with the North Carolina State team. Dick Lashine, Southern Pines, has just made the Gettsburg Academy team.

At Southern Pines, a Mid-South girls' tennis tournament is slated for Saturday with Miss Billy Caldwell, North Carolina state singles champ, occupying the No. 1 position at the top of the upper bracket and three others seeded. The Junior Boys' Tennis club of Southern Pines also intends to be busy this fall. Billy Mudgett, youthful star, is president of the club. He is working on a ranking fall meet schedule.

## "Hosses."

Organization and individualism again are linking up at this time in the Pinehurst-Southern Pines colony as regards horseflesh. Charlie Picquet, Pinehurst, has returned from the Belmont and Aqueduct parks, with a glowing account of the horseflesh to race on the Pinehurst track this season.

Billy Dickinson, over at Fayetteville, probably will enter some of the winners who have been first to look the judges in the eye up North. Fort Bragg will enter its various polo teams at Pinehurst.

Then at the Southern Pines sector, riding to hounds, drag hunts, and the pitting of the cunning of Reynard against the instinct of the hounds will be the individualistic order. The pack will be off in full tilt soon.

# B. B. Saunders Warehouses

## Aberdeen, North Carolina

The name of Saunders, associated with the tobacco market, is one of the leading influences in this section. The Saunders Warehouses sell more tobacco than any others in this part of the State. The Saunders Warehouses in Georgia this year sold more leaf than all the other warehouses in the city.

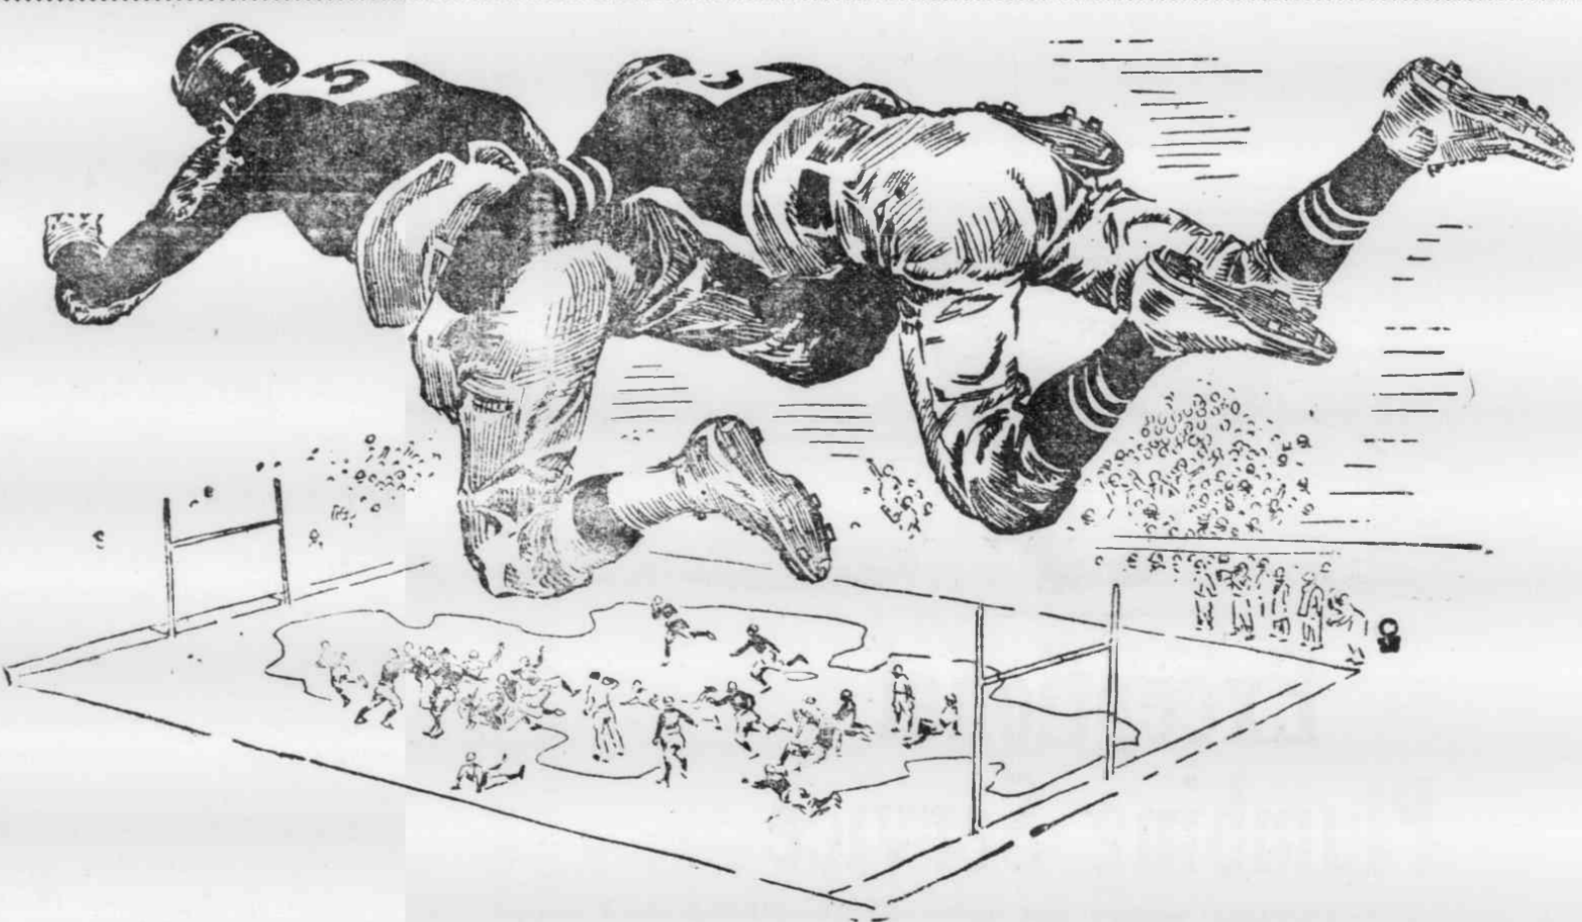

At the Saunders Warehouses in Aberdeen Saunders is always on the floor close by the auctioneer. Nothing escapes his notice. Saunders gets the prices for tobacco; he helps his customers to present their tobacco in the best shape and he knows tobacco from the seed-bed to the factory. That's why the Saunders Warehouses sell the tobacco.

Prices this week are good and the farmers are satisfied. Leaf is coming in freely and bidding is active.
