FIVE CENTS

PREVENTION OF DISEASE AIM OF WELFARE BODY

Association to Sponsor County Wide Adenoid and Tonsil Clinic at New Hospital

3,000 NEED TREATMENT

Between forty and fifty people, including a gratifying proportion of busy men, attended the recent annual meeting of the Moore County Health and Welfare Association at Community Club House, Pinehurst. Officers were re-elected and a few Another Hangar for new ones introduced, to serve for the ensuing year.

The Seal Sale, beginning immediately after Thanksgiving, was discussed. The Seal Sale for the relief of indigent tubercular victims, is conducted under the auspices of the Health and Welfare Association, each town maintaining a separate campaign under a

State to Blame

Criminally Responsible for Slaughter on Highways Says Robert N. Page

As a citizen of North Carolina, more

Editor, The Pilot:

particularly as a citizen of the Sandhills, I cannot refrain from express-Morgan Dies as Result of In- ing my approval of the position your paper has taken relative to the slaughter of our people on the highways, by the reckless and criminal operation of automobiles by reckless and irresponsible people. The recklessness and irresponsibility comes from those operating cars. The criminality rests with the State for allowing them to do so. Under modern conditions the automobile is indispensable to the not escape the responsibility of regulating the traffic on the highways built and maintained by it, so as to for a State law requiring operators' safeguard the lives and limbs of its citizens, insofar as is possible. It has enacted laws prohibiting the

carrying of concealed weapons, and while the law is laxly enforced, it does now and then send some rough-neck to the roads for the violation of the Carolina are claiming too many hulaw. On the other hand it allows any man sacrifices because of careless irresponsible person who can raise handling of automobiles. Highways Too Dangerous, Says Judge in Charge to Jury

STATE PRESS CONCERNED

Recklessness and Incompetence Not Affected by Advice of Any Sort," Says Raleigh News-Observer, Counseling Remedial Action.

One death, a girl with a back crushed in two places, a youth with a broken collarbone and ribs torn loose, another boy with a broken hand and his girl companion with severe cuts is the past week's toll of careless driving on local highways. Several minor accidents were also reported to The Pilot.

Meanwhile The Pilot's campaign licenses for those who drive motor vehicles on the public highways is gaining state-wide attention. Judge E. H. Cranmer, presiding in Alamance Superior Court, in charging a jury this week said: "The highways of North

"Pause and Consider"

"The increase in the number of killings and mainings on the hard-sursafety and well being of our people faced roads in North Carolina should give pause and consideration to thinking more of the political effect thoughtful prople," says the Raleigh (upon themselves from the Morons) News and Observer editorially. "It and criminals than they are of the was hoped that the wise admonitions and activities of the State Highway Every one with enough intelligence Patrol would decrease the accidents, to get in out of the rain knows the but ricklessness and incompetence are dangers incident to the operation of not affected by advice of any sort. an automobile, and the harm that is Add to these the number of drivers almost sure to come, by allowing un- who mix bootleg liquor with gasoline trained, to say nothing of the unin- and the situation is more than serious. Something must be done if human life is valued."

The editorial then reprints The Pilot's editorial of last week and says: we will pile up a larger toll of dead and injured than were killed in battle in the Civil War in both armies in an equal length of time. The remedy? The Pilot does not prefer to know, but thinks it can come 'only through nublic sentiment and a law with teeth and that will have back of it a sufficient force of highway police to enforce it.'

Bus Accidents

The Smithfield Herald says editorially regarding the recent bus accident

"The law plainly forbids a motor child in Guilford county was killed because this law was not observed. Last week a sixteen-year old girl near Windsor was seriously injured because the driver of an automobile Guy P. Henry, prominent business failed to observe this law. The bus ers of the approaching car struck

drive on the public highways.
