### A Floral Show Surrounding Every Home

May in the Sandhills is next thing to the climax of human content and enjoyment.

From the summit the outlook is a picture that no artist but Nature can possibly produce. Down the roads that cross the ridge the panorama vanishes under the cover of the sea of floral extravagance.

Variety of color, prodigality of bloom.

Rapidly the front of this big picture is pushing over the ridge. It is hard to imagine a home location with all the features that are exhibited here in the opening spring.

Lucky the household that secures a building location in the Heights now when selections are still numerous. Some day they will be few.

## Aberdeen Social Events

### Entertains Book Club

Mrs. John W. Graham was a delightful hostess to the Thursday Afternoon Book Club which she entertained at regular meeting at her home last Thursday afternoon. The lower rooms of her attractive home were thrown enmasse and beautifully decorated with spirea and wisteria.

During the business hour \$40.00 was reported as being realized from the proceeds of the chicken dinner in the Community House a short time ago, and the club voted to donate the salt and pepper shakers necessary for giving dinners at this place. Interesting reports were made by Mrs. H. W. Doub and Mrs. Wimberly Bowman, who were delegates to the Federation of Women's Clubs' Convention which was held in Greensboro two weeks ago, and the \$5.00 pledged by Mrs. Doub as this club's contribution to the Sally Southhall Cotton Loan Fund was approved. This fund enables girls in this section to obtain funds for an education when otherwise it would be impossible.

The subject for the afternoon's program was "The Early Landscape School" and interesting papers were read by Mrs. W. T. Huntley and Mrs. son River School, Cole and Church" and "George Innes." The club also enjoyed a vocal solo "Into the Dusk" by Mrs. Reid Pleasants. The next meeting will be held at the home of Mrs. H. E. Bowman in Aberdeen on May 7th, and the subject will be "Landscape Painting." At the close of the program the program books for this year were distributed among the members.

A delightful social hour followed the meeting. The guests invited in for this meeting were Mrs. Reid Pleasants, Mrs. Rosser Jones, Mrs. C. C. Bethune and Miss Mary McKeithen.

### For Bride and Bride-To-Be

Mrs. Neil A. Graham who before her recent marriage was Miss Mary Leach of Aberdeen, and Miss Dorothy Case, of Southern Pines, whose approaching marriage is announced for early summer, were delightfully honored on last Friday night when Miss Alyce King charmingly entertained for them at the regular meeting of her bridge club, at the New Community House in Aberdeen.

Four tables for bridge were arranged in the spacious living room, which was artistically decorated with dogwood and roses, and a most enjoyable hour was spent at the game. The bridal motif was charmingly carried out in the decorations, score cards, and especially in the large bridal cake adorned with a miniature bride and groom. This attractive cake contained a thimble, a coin and a ring, and much merriment ensued when the cake was cut by Mrs. Graham and passed around among the guests.

After the game Mrs. Graham was presented with a linen table cloth as a gift from this club, of which she was a former member, and Miss Dorothy Case was presented with handsome Maderia mats. The first and second score prizes were won by Mrs. George Martin and Mrs. Rosser Jones. The guest prize was given to Mrs. Robert Gwyn.

### Miss Osborne Honored

Miss Mildred Osborne, an attractive member of the faculty in the Aberdeen schools, was delightfully honored when the Ladies of the Aberdeen Baptist Church held their class meeting at the home of Mrs. Olive in Southern Pines on last Wednesday afternoon, and presented Miss Osborne with a surprise handkerchief shower, each handkerchief being accompanied with original poems composed by members of this class, which were very amusing. There was a charming flower contest during the afternoon also, during which Miss Osborne was presented with a box of candy as the prize. The class as a whole expressed the wish that Miss Osborne will return to them as a member in the Fall and is sorry to lose her for the summer months.

### Birthday Party

Celebrating his fourth birthday little Jackie Burney, the small son of Mr. and Mrs. C. J. Burney, invited a number of his friends to meet at his home on last Tuesday afternoon, April 28th, and carried them to the Carolina Theatre in Southern Pines to see the moving picture, "Skippy."

### C. E. Society Party

A most enjoyable weenie roast was enjoyed by the members of the Christian Endeavor Society of the Presbyterian Church at the home of Mrs. W. T. Worsham, their president, last Thursday night.

### Two Win Medals

Miss Hazel Palmer of Pinebluff and Marvin Rhyne of Aberdeen were presented with medals at the Recita-

tion and Declamation contest held in the High school Auditorium last Friday night. These medals are presented each year to the boy and girl excelling in recitation and declamation as a memorial for two former High School pupils, T. B. Wilder, Jr., and Allison Page.

Mrs. Jesse Frink is doing substitute work for Miss Edith Wyche this week at the Page Trust Company while Miss Wyche is attending the bankers' convention.

### Measles S. O. S. Issued by County Physician

Lots of It in Nearby Counties  
and Several Cases Reported in  
Moore, Says Dr. Symington

By Dr. J. Symington,  
County Health Officer

For the week ending April 11, 1931 there were 148 cases of new measles reported from the rural districts of Durham county and 311 new cases reported as occurring in the city of Durham which means that there are 459 new cases in Durham county including the city. Adding this to the cases occurring in the previous week would mean that there are probably over a thousand cases of measles at present in the county of Durham. There are also a large number of cases of measles in Rocky Mount, and Rockingham county.

With measles so near we are likely to have an invasion in Moore county. For the week ending April 11 there were two cases reported as occurring in the county. Since then there have been a number reported from Carthage, West End, Jackson Springs and Highfalls. The cases reported from Carthage are all German measles which is a very light disease. Both measles and German measles are infectious, however, and quarantineable and as we have no vaccine to fight the disease with it is all the more reason that quarantine should be carried out so we ask all the citizens of Moore county, immediately on the appearance of the symptoms of measles, to segregate themselves or have their children and dependants segregated and quarantine strictly observed so that the disease may not be given to others.

### FLOWER SHOW AT FLORA MACDONALD ON MAY 5

Th Many Festival at Flora Flora Macdonald College will take place this year on the campus in front of the Main Building at 5:30 in the afternoon of Tuesday, May 5. After the procession and the crowning of the Queen, and attractive Cinderella Pageant will be presented by members of the Freshman and Sophomore classes. Miss Mima Stiles, of Red Springs, is May Queen and her Maid of Honor is Miss Louise McNeill, also of Red Springs.

An unusual addition to the afternoon's program and one that promises to be of much general interest will be a Flower Show in the Gymnasium put on by the biology department of the college. Flower lovers and garden clubs in nearby towns and communities are invited to enter exhibits in the different classes. Address inquiries to Miss Nancy Eliason, Flora Macdonald College.

## The Fertilizer Question

Probably nothing is as important to the farmer at the present time as the fertilizer question that confronts him.

Long experience has proven the wisdom of commercial fertilizer, and one of the essential factors in handling fertilizer is to get the most profit from the cost involved. Many brands of fertilizer, made by many factories are offered.

The test of fertilizer is the reliability of the maker, the results in the field the comparative cost, the relation of the ingredients to the soil type of the field.

Reliable makers seek to know the character of the soil in which the material is to be used, and to make goods suitable for that type. They use the proper ingredients, make proper combinations, sell at prices that are fair, and get results.

The Pinehurst Warehouses at Pinehurst, N. C., handle and recommend the products of The Armour Company and The Nitrate Agencies—two concerns that have demonstrated their Dependability.

The Pinehurst Warehouses can buy fertilizer from any of the makers, but the policy of this company has been to search out the best products and to handle the things that stand the most analytical tests. For that reason the two concerns mentioned have been selected as those most advisable to tie to, and the results have been satisfactory over a period of many years.

We believe we can give the best value for the money that is to be obtained any place.
