

# A Community Newspaper

A Good Newspaper is as Essential to the Progress  
of a Community as Good Government.

It is the Mirror Which Reflects the Daily Lives of  
the People it Serves.

It is the Medium by which the Community is Judg-  
ed by its Neighbor Communities.

It is the Medium of Expression for the Man with a  
Message for his Fellow Man.

It is the Link between the Man who Buys and the  
Man who Sells.

It Grows in Proportion to the Growth of the Com-  
munity. Their Lives are Interwoven. Their Fortunes Go  
Hand in Hand.
