

Pinehurst Paragraphs

In one of the most delightful affairs of the summer, the Senior Christian Endeavor Society of the Community Church entertained the Senior Society of Bethesda Church, Aberdeen, on Monday evening. Thirty-six guests came and the out-door program was carried out at Juniper Lake where the first feature was a cooling swim in the lake. Next came the bountiful picnic supper under the direction of Mrs. Gordon Cameron. After supper, games were played for a while with everyone entering into the spirit of the occasion so fully that there were no dull moments. The young people had the pleasure of having both pastors, the Rev. W. M. McLeod and the Rev. E. L. Barber as their guests on this happy occasion.

At the meeting of the Sandhill Brotherhood on last Sabbath morning W. P. Morton gave the men a real treat in a lecture which he had spent considerable time in preparing, choosing for his subject Education and Intelligence. In a clear cut, convincing style he stressed the heart of the subject which was, that Christianity is the right relationship with God and man and that education is the power or ability to make proper adjustments. The Women's Bible class had the privilege of being guests of the Brotherhood for the lecture hour.

The Rev. and Mrs. Murdoch McLeod were hosts at a delightful family dinner on Wednesday, honoring Mr. McLeod's mother, who celebrated a birthday on that day.

The Pinehurst Library is open during the summer on Wednesday and Saturday afternoons from 3 until 5 o'clock. The membership fee for the summer is only \$1.00 and with such a small charge a splendid collection of books is placed within the reach of everyone.

The June meeting of the Woman's Auxiliary of the Community Church was held Tuesday evening at eight o'clock in the church yard. Mrs. E. B. Keith, vice-president presided at the business meeting. Mrs. Ed Swaringer, secretary, read the minutes of the previous meeting and the roll call. The financial report was given by Miss Fannie B. Gray, treasurer. Committees for the annual bazaar to be held in the winter were announced by Mrs. Raymond Johnson. The meeting was opened with prayer led by Mrs. L. V. Henderson and the closing prayer was led by Mrs. Murdoch McLeod.

Mrs. Dalton Wicker left Wednesday morning for Montreal to attend the Assembly's Training School, going as a delegate from the local auxiliary.

Mr. and Mrs. Richard Tufts left this week to spend the rest of the summer at Lenox, Mass.

After spending the past month in Pinehurst, Mr. and Mrs. Elwin McLeod left Friday morning in their car for their home in Boston.

Mr. and Mrs. W. L. Dunlop were week-end guests of Mrs. Dunlop's mother, Mrs. R. L. Flanagan in Statesville.

E. B. Keith and sons, and Mrs. Laura J. Beam motored to Newberry, S. C., on Saturday and spent the week-end with Mr. and Mrs. R. E. Summer, Mrs. Keith, who had been visiting her sister, Mrs. Summer, for two weeks returned home with Mr. Keith and the children, leaving Mrs. Beam for a visit with her daughter, Mrs. Foster Kelly and son, Ray

spent Tuesday in Raleigh. They were accompanied home by Mrs. W. R. Kelly who is their guest for a while. W. P. Hardin left Wednesday night for a business trip to Orlando and Plant City, Florida.

Mr. and Mrs. O. H. Stutts are spending a two weeks vacation at Beaufort.

Mrs. Tom Cole and children, Jesse and Mary Jane left Thursday of last week for a stay of several weeks. They planned to spend a week at Swansboro and then go to New Bern for a visit with Mrs. E. J. Parker and Mrs. R. L. Daniels, mother and sister of Mrs. Cole.

Mrs. W. P. Hardin and brother, Cecil Adair returned last week from Carnesville, Ga., where they visited relatives for a month.

Mrs. Herman Campbell and children are spending this week with Mrs. Campbell's mother, Mrs. Harris in Fayetteville.

Frank McManus has returned to his home in Boston after spending several weeks here.

Mr. and Mrs. Raymond Johnson moved the latter part of last week into their new home near the Carolina hotel.

Alex Stewart and sons, Alex, Jr., and Donald went to Richmond the first of this week.

Mrs. Ethel Journey had as her guests for dinner on Friday the Misses Dora and Mamie Gray.

Herbert Ehrhardt spent the week-end at home and returned to Chapel Hill Sunday where he is a student in the Summer School.

Mrs. Roland Stubbs and Mrs. R. K. Footman were Fayetteville visitors on Friday.

I. C. Sledge spent the week-end with his father and other members of his family at his old home near Rocky Mount. His father who has reached the ripe old age of eighty-five, recently suffered a stroke of paralysis and has been critically ill since.

A party of Pinehurst people motored to Myrtle Beach for the celebration of the Fourth and stayed over the week-end. Those going were Mr. and Mrs. H. E. Conant, Mr. and Mrs. A. B. Sally and family, Mr. and Mrs. Colin McKenzie and family, Eugene McKenzie, Jr., Mr. and Mrs. Ed Swaringer, Miss Catherine Cagle, Mr. and Mrs. Robt. Gouger, Bill Gouger, Miss Estelle McKenzie, Miss Myrtrice Wicker, Travis Wicker and Frank McCaskill.

PROVIDE TALKIES FOR SANATORIUM PATIENTS

It is planned to begin showing audible moving pictures in the Sanatorium within the next week or ten days, according to announcement by Dr. P. P. McCain, superintendent, following purchase of special sound equipment for this purpose.

Sanatorium officials have expressed appreciation of the willingness on the part of the R. C. A. Photo-Phone Company of New York City, from which the equipment was purchased, to allow the institution to have it at a price considerably less than the usual price for such equipment.

Audible films will be obtained free of charge from the Charlotte Film Board of Trade, which has been furnishing silent films for the enjoyment of patients for several years.

BRIG.-GEN. McCLOSKEY ADDRESSES KIWANIS

(Continued from page 1)

country and has one hundred and twenty thousand acres which permits the use of long range guns. He further stated that the Fort has wonderful recreational facilities, being located in the Sandhill section of Southern Pines and Pinehurst, and it was his intention to develop all kinds of athletics. At the present, lakes are provided for the men and officers and it is his intention to encourage baseball, football and boxing, as recreation of this kind tends to develop able soldiers.

In conclusion the General said that there was little likelihood that Fort Bragg would be abandoned but instead probably be enlarged.

APPROVAL OF CIVIL COURT FOR COUNTY EXPECTED

(Continued from page one)

dockets and in keeping them working pretty close to the volume of business coming in from court to court during the year.

Judge Humber's court has been such a success that it is believed the commissioners will look with favor on the proposition to increase his jurisdiction and keep him busy a few more days in the month on the smaller affairs that are constantly arising instead of smothering the Superior court with the minor cases that take up so large a proportion of its time.

Beauty Spot!

Mrs. McPherson's Garden at Cameron Is Riot of Gay Colors

Many of us have not see the Kew Gardens of England or the famous magnolia gardens of South Carolina nor even the Azaleas of Airlie in our own state, yet a wonderful beauty spot can be seen right here in town by visiting the garden of Mrs. H. P. McPherson where twenty varieties of handsome gladioli are in full bloom. The colors vie with the rainbow in their gorgeousness and beauty—stately and tall, vivid and bright, truly they are a delight to the eye.

Dr. Vida McLeod Will Practice Medicine Here

Will Carry on Practice of Dr. Walter McLeod Until He Regains Health

At their June meeting this year, the State Board of Medical Examiners granted Vida Canady McLeod a license to practice medicine in the State of North Carolina.

Dr. McLeod is the wife of Dr. Walter G. McLeod of Southern Pines. Like her husband, she is a graduate of Baylor University, in Texas, and studied under Dr. Cary, Dean of the Medical College, who is now President of the American Medical Association. Since coming to Southern Pines, six years ago, Dr. McLeod has been associated with her husband in practice, having confined her self, however, to pathology and clinical laboratory work.

Dr. McLeod will now take up Dr. Walter McLeod's practice and carry it on for him until he is fully restored to health, and is able to return to work. Afterward, she will continue to practice in association with him.

Dr. McLeod's many friends, who know what a competent physician she is, will rejoice that she is now free to practice.

SAW MILL SCHOOL AT TROY WEDNESDAY, JULY 15TH.

Lumbermen, Saw mill operators, Timber owners, and farmers are showing much interest in the Saw Mill School to be held at Troy, Wednesday, July 15th. This meeting is being promoted by County Agent O. R. Carrithers of Troy, with the cooperation of R. W. Graeber, Extension Forester, State College, and a committee on interested lumbermen of Montgomery County.

The meeting will be held at Bob Howell's saw mill beginning at 9:00 o'clock and lasting until 4:00 in the afternoon. Howell's mill is located on State Highway No. 74 between Troy and Biscoe, near Little River. A committee consisting of Messrs. E. R. Wallace, Troy, Robert W. Safrit, Mt. Gilead, Walter Blue, Norman, and Bob Howell, Troy, are cooperating with Mr. Carrithers in the local arrangement for the meeting.

This meeting will be of special interest to the operators of small saw mills, timber owners and others. A special invitation is being given to lumber buyers, saw mill operators, loggers, lumber haulers, timber owners and farmers. This invitation is given to interested parties in Montgomery, Moore, Randolph and Richmond Counties.

Hot Chase!

A Half Mile Race Is Too Long for This Weather, Says Deputy Lambert

This warm weather is fine for making cotton grow, but we venture the assertion that some of the county officers will be glad when Jack Frost returns.

"There wasn't a dry stitch on me," said A. W. Lambert, in describing a chase he had last week with a blockader.

Prohibition Agent J. Q. Harris, T. N. Slack and Mr. Lambert were in the Spies community trying to hinder the booze business. They watched a distillery for about thirty minutes, then "dashed" it and when they did, the other parties did some "dashing," also. One of the men escaped, but Mr. Lambert chased the other one for about half a mile, all the way to the yard of his home, and finally caught him. Both were white, June Allen, who escaped, and J. E. Allen, who lost in the race with Mr. Lambert. The distillery, a complete 50-gallon copper outfit, was destroyed. The last charge of beer was up, and about five gallons of whiskey was on hand.

Allen was bound over to the September term of Federal court at Rockingham, and gave bond in the sum of \$1,000.

Theatre

Delightfully illustrating once again the age old theory that love contains more than a little touch of madness along with its proverbial blindness, "Their Mad Moment," charming romance of Basque life and love featuring Warner Baxter and Dorothy Mackkail, begins its three day engagement at the Carolina Theatre this Thursday night. In a role differing radically from his former successes, Warner Baxter rises beautifully to the demands placed upon him in bringing to the speaking screen the fascinating characterization of a fiery Basque lover, Dorothy Mackkail's blonde loveliness, in the role of a fortune-seeking, American society butterfly, was never more strikingly contrasted than in this portrayal opposite Baxter's compelling appeal. The story is a picture version of Eleanor Mercein's widely-read novel, "Basquerie." The supporting cast is headed by ZaZu Pitts, who has an amazing role as Miss Dobbs, old maid friend of Miss Mackkail, with romantic leanings, Nance O'Neil appears as Baxter's matriarchal grandmother, and Nella Walker enacts the role of Miss Mackkail's scheming stepmother.

Drama, neither stark nor terrifying, but intensely real, human and emotionally exciting, comes to the Carolina Theatre, Monday, Tuesday and Wednesday. It is contained in "The Lawyer's Secret," in which an excellent and all-star cast, headed by Clive Brook, Charles Rogers and Richard Arien, brings to life a tense complication of modern-day living. The vividness of "The Lawyer's Secret" is intensified by the intelligent presentation of its drama. Its audiences are made to feel its vital significance for each one of them. Its web of circumstances might wind itself around any unthinking individual, just as it winds, in the picture, around Brook, the suave lawyer; Rogers, the weakling playboy; Arien, the reckless young sailor. "The Lawyer's Secret" is the story of a professional man's fight to preserve the ethics of his profession and his love for a girl, Fay Wray, by stifling his natural human duty to prevent injustice to an innocent man.

DR. SYMINGTON WARNS OF DANGER IN CANNING

Persons canning string beans for home use are warned to observe carefully the proper technic for essential sterilization of the product. The American Medical Association calls attention to the fact that string beans, even when canned in mixtures with other vegetables are a potential menace to health and to always be on the safe side, these and allothermonacid vegetables should be boiled before serving. They should never be served cold as they come from the cans.

"Admittedly it is difficult to reach those who are endangered by foods inadequately preserved in the home. Nevertheless, the public should be told with unremitting insistence that string beans and every non-acid vegetable may be rendered safe by sterilization for a sufficient time and temperature in a pressure cooker, by drying."

We hope that this warning will not intimidate any from proceeding with their canning operations. As in the fight against pellagra and other diseases it is necessary that the populace be well fed. It is simply given that the essential sterilization technic may be carried out and botulism prevented.

JUNE WEATHER

Contrasted with the ten rainy days of June, 1930, the past month was a complete failure, the official record showing showers on just two days, the 17th and 24th, with a total precipitation of 1.41 inches this being 3.66 inches less than normal, 5.40 inches less than the fall of last June, and reducing the growing excess over normal of the earlier months of the year so that we now stand with seventy-six one hundredths of an inch over the normal average rainfall of 23.99 inches for the first half of the year.

While the earlier part of the month continued the cool record of May, with the opening of summer the thermometer began to record the coming hot wave showing an even 101 on the 22nd, one degree more than the day before; 101 on the 28th, and 102 on the 29th.

CARD OF THANKS

We wish to thank our friends for the kindness shown us during the sickness and death of our little daughter, Caroline.
—MR. and MRS. PERCY ENGLISH.

GOOD EXHIBITS FOR THE FAIR EXPECTED

From the amount of good grain which we have over the County this year, we are getting some good exhibits for the County Fair this fall. Exhibits of grain in the straw are being saved at this time. Those who have good Oats, Barley, Wheat and Legume Hay are asked to please save us a good bundle of these. From these bundles we can get some good

grain and make an attractive exhibit. To save this grain please put a good bundle away somewhere where the rats and mice will not cut it up. To keep the grain from turning too dark it should be wrapped up in some newspapers, and tied up. Hay should be pressed into a small bale and wrapped up in the same way. For getting this hay into a small bale, tramp the hay into a bale and then run about two pieces of wire around the hay and tie well.

CAROLINA Theatre

Southern Pines

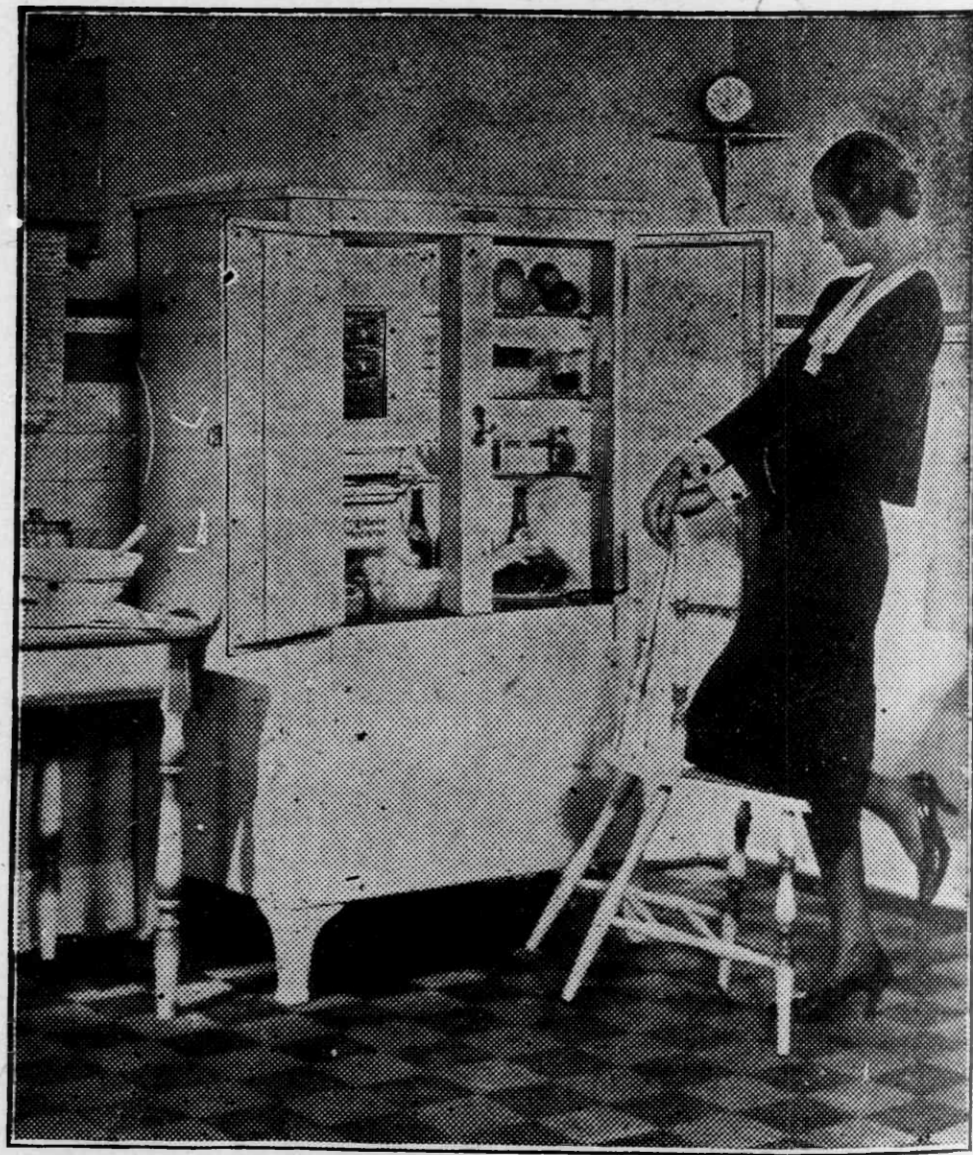

Thu., Fri., and Sat., July 9-10-11—8:20 P. M.
Matinee Saturday at 3:00 P. M.
(The Coolest Spot In The Sandhills)

Mon., Tue., and Wed., July 13-14-15—8:20
(The Coolest Spot In The Sandhills)
Matinee Tuesday at 3 p. m.

Advanced Refrigeration

Continually working for the advancement of domestic electric refrigeration, engineers of Frigidaire Corporation have made it possible for this General Motors subsidiary this year to present a household refrigerator with many refinements and improvements, according to an announcement by the local representative. Economy, efficiency and beauty have been the guiding stars of these engineers and as a result the Frigidaire of today operates at much lower cost, freezes more ice cubes faster, has an interior and exterior finish of durable white porcelain-on-steel and provides more shelf space than before.

You are cordially invited to view the new model FRIGIDAIREs now showing in our warerooms.
